HR 208, by Representative Riner: A RESOLUTION adjourning the Kentucky House of Representatives in honor of the United States Navy Chaplain Corps and Chaplain Gordon James Klingenschmitt for service to God, country, and the Commonwealth of Kentucky.

Representative Riner moved the adoption of the following **HR 208**:

HR 208, A RESOLUTION adjourning the Kentucky House of Representatives in honor of the United States Navy Chaplain Corps and Chaplain Gordon James Klingenschmitt for service to God, country, and the Commonwealth of Kentucky.

WHEREAS, on the seventh day of March in the year of our Lord Jesus Christ two thousand seven, Chaplain Gordon James Klingenschmitt served God, country, and the people of the Commonwealth by opening the Kentucky House of Representatives with prayer after his speech to legislators and state employees from every branch of government at the final Legislative Prayer Breakfast for the 2007 Session of the General Assembly; and

WHEREAS, Navy regulations adopted on November 28, 1775, reflect the Navy's deep concern for the souls of sailors to know Jesus through the preaching of the Gospel state, "The commanders of the ships of the thirteen United Colonies are to take care that divine service be performed twice a day on board and a sermon preached on Sundays, unless bad weather or other extraordinary accidents prevent"; and

WHEREAS, President Woodrow Wilson's letter to the sailors of the United States during World War I, recorded in the Congressional Record, expressed this same concern for the souls of American soldiers and sailors as they risked death for their beloved country when he pleaded with them to read the Bible, stating, "The Bible is the word of life. I beg that you will read it and find this out for yourselves -- read not little snatches here and there, but long passages that will really be the road to the heart of it. You will find it full of real men and women not only, but also of things you have wondered about and been troubled about all your life, as men have been always; and the more you read, the more it will become plain to you what things are worthwhile and what are not, what things make men happy -- loyalty, right dealings, speaking the truth, readiness to give everything for what they think their duty, and most of all, the wish that they may have the real approval of the Christ, who gave everything for them -- and the things that are guaranteed to make men unhappy -- selfishness, cowardice, greed, and everything that is low and mean. When you have read the Bible, you will know that it is the Word of God, because you will have found it the key to your own heart, your own happiness, and your own duty"; and

WHEREAS, Benjamin Balch, a Christian minister, was the first chaplain known to have served in the Continental Navy, and his son, William Balch, the first chaplain known to receive a commission in the United States Navy following the establishment of the Navy Department in 1798; and

WHEREAS, Navy chaplains are permitted by federal law to pray in Jesus' name according to 10 U.S.C. sec. 6031, which states, "An officer in the Chaplain Corps may conduct public worship according to the manner and forms of the church of which he is a member"; and

WHEREAS, Chaplain Gordon James Klingenschmitt has honored the name of Jesus Christ by upholding 200 years of freedom for Christian chaplains serving in the United States Navy to pray in the holy name of their Lord and Savior, Jesus Christ; and

WHEREAS, for over 2,000 years, followers of Jesus Christ have experienced pressure, persecution, and even death at the

hands of their governments, employers, peers, and sometimes even their families for teaching, preaching, or praying in Jesus' name; and

WHEREAS, more Christians have been martyred in the last 100 years than have been martyred in all the previous 1,900 years combined; and

WHEREAS, throughout the history of the Christian Church, those who have confessed that Jesus is Lord have taught, preached, prayed, baptized, "hazarded their lives," and done good deeds in Jesus' name as a matter of faith, and deeply held convictions based on the teachings of Jesus Christ and His apostles found in Mark 9:41, Luke 24:46, John 16:23-26, Acts 2:21, Acts 2:38, Acts 3:16, Acts 4:1-30, Acts 5:27-42, Acts 6: 40-42, Acts 15:26, Acts 19:17, Romans 10:13, I Corinthians 6:11, Ephesians 5:20, Colossians 3:17, II Thessalonians 1:12, I Peter 4:11-19, Revelation 2:12-13, and Revelation 3:8;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

- (2) The board of directors shall cause due notice of the resolution to be given to all the owners of benefited lands, as determined by the board. Said notice shall set out the time and place of a meeting of the board of directors of the watershed conservancy district at which owners of benefited lands who may be liable for the annual assessments may be heard.
- (3) At the hearing upon the resolution, owners of benefited lands may voice their views concerning the proposal as to whether it should be undertaken, and the scope thereof, or the degree of benefit received by their lands. The board shall prepare a record summarizing the proceedings. If the board of directors determines as a result of the hearing that the proposal should be carried out as planned, it may make such changes or revisions in the resolution as it deems proper and shall give due notice of an election to be held at which benefited landowners may vote on the question of annual special assessments to defray the cost. The notice of the election shall include the text of the resolution of the board in its final form. The board of directors may give due notice as provided in KRS 262.010(4).

- (4) The board of directors shall prepare the following question to be presented to the voters: "Should the assessment for improvement, continuing operation, or maintenance proposed by resolution of the..... Watershed Conservancy District be adopted?" Voters shall be instructed to vote "yes" or "no" on the proposition. Only owners of benefited land as set out in the resolution shall be eligible to vote. After the lapse of time specified herein all actions by owners of properties to be benefited shall be forever barred.
- (6) If no suit is filed and no injunction issued within the time allowed in subsection (5) of this section, the board of directors shall levy annual assessments effective only upon the benefited properties and based on the acreage thereof. The annual assessment shall be made by the board of directors at the same time and in the same manner as provided in KRS 262.765 for taxes generally and shall be collected as provided in KRS 262.770. The assessments shall constitute liens against the land benefited and shall attach to the land, taking precedence over all other liens except state, county and municipal taxes and prior improvement assessments.

Section 8. KRS 262.778 is amended to read as follows:

- (1) Upon determination by the board of directors of a watershed conservancy district that a watershed project is necessary, and upon approval of the plans for same by the board of supervisors, the board of directors shall adopt a resolution which shall set out:

 - (c) The total cost of the project; and
 - (d) The fact that the cost shall be met by a bond issue payable solely from annual assessments to be levied upon the lands set out in the resolution on the basis of a certain amount per acre according to benefits received, not to exceed in any one year a sum per acre specified in the resolution, with the annual assessments to extend over a period of years specified in the resolution not to exceed thirty (30) years.
- (2) The board of directors shall cause due notice of the resolution to be given to all the owners of benefited lands, as determined by the board. Said notice shall set out the time and place of a meeting of the board of directors of the watershed conservancy district at which owners of benefited lands who may be liable for the annual assessments may be heard.
- (3) At the hearing upon the resolution, owners of benefited lands may voice their views concerning the proposed project as to whether said project should be undertaken, and the scope thereof, or the propriety of placing their lands in the project area or the degree of benefit received by their lands. The board shall prepare a record summarizing the proceedings. If the board of directors determines as a result of the hearing that the project should be carried out as planned, it may make such changes or revisions in the resolution as it deems proper and shall give due notice of an election to be held at which benefited landowners may vote on the question of annual special assessments to defray the cost of the project. The notice of the election shall include the text of the resolution of the board in its final form. The board of directors may give due notice as provided in KRS 262.010(4).
- (4) The board of directors shall prepare to be presented to the voters the question: "Should the assessment proposed by resolution of the Watershed Conservancy District be adopted?". Voters shall be instructed to vote "yes" or "no." Only owners of benefited land as set out in the resolution shall be eligible to vote. The board of directors may provide for a meeting of the landowners at which the vote may be cast, in which case qualified voters may vote by absentee vote. The board shall appoint a polling superintendent and other necessary election officers, giving representation to the opponents of the question as well as to proponents.
- (5) If a majority of those voting upon the proposition favor the assessment, the board shall give due notice of the vote and the fact that bonds will forthwith be issued payable from special assessments. Any owner of property to be benefited by the project may, within forty (40) days after publication of such notice, file an action in the Circuit Court of the county in which his lands are located seeking relief by declaratory judgment or injunction. If a suit is filed, the county attorney should represent the board of directors in upholding the validity of the proposed bond issue. After the lapse of time specified herein, all actions by owners of properties to be benefited shall be forever barred.
- (6) If no suit is filed and no injunction issued within the time allowed in subsection (5) of this section, the board of directors shall by resolution authorize the issuance of bonds designated "watershed project assessment bonds," determining the principal amount thereof and establishing the denominations and maturity dates thereof and shall levy an annual assessment effective only upon the benefited properties and based on the acreage thereof. The annual rate of such

assessments shall be fixed when other taxes of the district are levied and shall be sufficient in each year to provide for the payment of such bonds and interest coupons as they mature and sufficient to provide a fund equal to twenty percent (20%) of the average annual principal and interest requirements, the same to constitute a "debt service reserve" as a precaution against possible default by failure to collect annual levies. The bonds shall state on their face that they do not constitute a debt of the district but are payable solely from collection of special assessments made upon benefited lands lying in the watershed conservancy district.

Section 3. KRS 304.39-210 is amended to read as follows:

- (1) Basic and added reparation benefits are payable monthly as loss accrues. Loss accrues not when injury occurs, but as work loss, replacement services loss, or medical expense is incurred. Benefits are overdue if not paid within thirty (30) days after the reparation obligor receives reasonable proof of the fact and amount of loss realized, unless the reparation obligor elects to accumulate claims for periods not exceeding thirty-one (31) days after the reparation obligor receives reasonable proof of the fact and amount of loss realized, and pays them within fifteen (15) days after the period of accumulation. Notwithstanding any provision of this chapter to the contrary, **except for emergency medical expense benefits**, benefits are not overdue if a reparation obligor has not made payment to a provider of services due to the request of a secured person when the secured person is directing the payment of benefits among the different elements of loss. If reasonable proof is supplied as to only part of a claim, and the part totals one hundred dollars (\$100) or more, the part is overdue if not paid within the time provided by this section. Medical expense benefits may be paid by the reparation obligor directly to persons supplying products, services, or accommodations to the claimant, if the claimant so designates.
- (2) Overdue payments bear interest at the rate of twelve percent (12%) per annum, except that if delay was without reasonable foundation the rate of interest shall be eighteen percent (18%) per annum.
- (3) A claim for basic or added reparation benefits shall be paid without deduction for the benefits which are to be subtracted pursuant to the provisions on calculation of net loss if these benefits have not been paid to the claimant before the reparation benefits are overdue or the claim is paid. The reparation obligor is entitled to reimbursement from the person obligated to make the payments or from the claimant who actually receives the payments.
- (4) A reparation obligor may bring an action to recover benefits which are not payable, but are in fact paid, because of an intentional misrepresentation of a material fact, upon which the reparation obligor relies, by the insured or by a person providing an item of medical expense. The action may be brought only against the person providing the item of medical expense, unless the insured has intentionally misrepresented the facts or knows of the misrepresentation. An insurer may offset amounts he is entitled to recover from the insured under this subsection against any basic or added reparation benefits otherwise due.
- (5) A reparation obligor who rejects a claim for basic reparation benefits shall give to the claimant prompt written notice of the rejection, specifying the reason. If a claim is rejected for a reason other than that the person is not entitled to the basic reparation benefits claimed, the written notice shall inform the claimant that he may file his claim with the assigned claims bureau and shall give the name and address of the bureau.
- (6) **Except for benefits payable under any workers' compensation law, basic reparation benefits shall be primary.**
- (7) **A provider of services for medical expenses, other than medical expenses billed by a hospital or other provider for emergency medical or inpatient services rendered at a hospital, shall submit claims for services to a reparation obligor within forty-five (45) days from the date the health services are provided to the reparation insured utilizing the uniform health insurance claim forms prescribed in accordance with KRS 304.14-135(1).**

Section 4. KRS 304.39-241 is amended to read as follows:

Except for emergency medical expenses where the reparation obligor shall pay the provider directly, an insured may direct the payment of benefits among the different elements of loss, if the direction is provided in writing to the reparation obligor. A

reparation obligor shall honor the written direction of benefits provided by an insured on a prospective basis.

Section 5. KRS 304.39-270 is amended to read as follows:

- (1) If the mental or physical condition, respectively, of a person is material to a claim for past or future basic or added reparation benefits, and after an independent review of the reparation insured's medical condition has been initiated pursuant to Section 6 of this Act, the reparation obligor may require~~petition the circuit court for an order directing~~ the person to submit to a mental or physical examination, respectively, by a health care provider licensed in the Commonwealth. A reparation insured shall provide or make available to the examining provider any pertinent medical records or medical history that the examining provider deems necessary to the examination. The costs of any examination requested by a reparation obligor shall be borne entirely by the reparation obligor. The examination shall be conducted within a reasonable proximity of the residence of the reparation insured. A reparation obligor providing basic or added reparation benefits is authorized to include reasonable policy contract provisions requiring a reparation insured to submit to a mental or physical examination as requested by a reparation obligor under the provisions of this section. If the reparation insured fails to submit to a mental or physical examination as requested by a reparation obligor, the reparation obligor shall no longer be required to reimburse subsequent reparation benefits~~physician~~. Upon notice to the person to be examined and all persons having an interest, the court may make the order for good cause shown. The order shall specify the time, place, manner, conditions, scope of the examination, and the physician by whom it is to be made.
- (2) If requested by the person examined, the reparation obligor causing a mental or physical examination to be made shall deliver to the person examined a copy of a detailed written report of the examining physician setting out his findings including results of all tests made, diagnoses, and conclusions, and reports of earlier examinations of the same condition. By requesting and obtaining a report of the examination ordered or by taking the deposition of the physician, the person examined waives any privilege he may have, in relation to the claim for basic or added reparation benefits, regarding the testimony of every other person who has examined or may thereafter examine him respecting the same condition. This subsection does not preclude discovery of a report of an examining physician, taking a deposition of the physician, or other discovery procedures in accordance with any rule of court or other provision of law. This subsection applies to examinations made by agreement of the person examined and the reparation obligor, unless the agreement provides otherwise.

~~[(3) If any person refuses to comply with an order entered under this section the court may make any just order as to the refusal, but may not find a person in contempt for failure to submit to a mental or physical examination.]~~

SECTION 6. A NEW SECTION OF SUBTITLE 39 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

- (2) A reparation obligor may contract with a private review agent registered by the Office of Insurance to perform and provide independent reviews of medical expenses in connection with basic or added reparation benefits.

- (6) The reparation obligor's failure to make a determination and provide written notice within the time frames set forth in this section shall reestablish the presumption that the charge is reasonable. - (1) For purposes of this section "adverse determination" means a determination by an reparation obligor or its designee that the health care services furnished or proposed to be furnished to a reparation insured are:

 - (b) Not reasonable.
 - (2) Every reparation obligor shall have an appeal process to be utilized by the reparation insured or provider of health care services consistent with this section and which shall be disclosed to reparation insureds and providers.

WHEREAS, Alzheimer's disease is a slow, progressive disorder of the brain that results in loss of memory and other cognitive function and, eventually, results in death; and

WHEREAS, because Alzheimer's is accompanied by memory loss, poor judgment, changes in personality and behavior, and a tendency to wander, individuals with this disease are at increased risk for accidental injury, getting lost, abuse, neglect, and exploitation; and

WHEREAS, one in ten persons over the age of 65 and almost one in every two people over the age of 85 has Alzheimer's disease or a related dementia; and

WHEREAS, over the past ten years, the number of Kentuckians with Alzheimer's and related dementia has risen dramatically to over 74,000 people and is expected to increase to over 97,000 by 2025, when baby boomers enter the age of greatest risk for Alzheimer's; and

WHEREAS, by 2005, the number of the baby boomer generation entering the age of greatest risk for Alzheimer's is expected to increase to over 97,000; and

WHEREAS, Alzheimer's disease takes an enormous toll on loving family members as caregivers watch the deleterious effects of the disease closely and often suffer more stress, depression, and health problems than caregivers of people with other illnesses; and

WHEREAS, Alzheimer's disease is considered to be early in onset if an individual is younger than age 65 when symptoms first appear in the 30s, 40s, and 50s; and

WHEREAS, new data shows that there may be half a million Americans under the age of 65 who have dementia or cognitive impairment at an early onset; and

WHEREAS, the Commonwealth of Kentucky recently undertook the Kentucky Elder Readiness Initiative (KERI) to examine its ability to meet the needs of a rapidly aging population and the Long Term Living Initiative to examine Medicaid and continuum of care services; and

WHEREAS, the Commonwealth of Kentucky needs to assess the current and future impact of Alzheimer's disease on Kentuckians and state systems, programs, and services to ensure an integrated, comprehensive, coordinated, and up-to-date strategy to address the needs of this growing segment of Kentucky's population; and

WHEREAS, within the Cabinet for Health and Family Services there is an Office on Alzheimer's Disease and Related Disorders and an Alzheimer's Disease and Related Disorders Advisory Council, which was established by statute; and

WHEREAS, the office and council are charged with overseeing policy and services affecting residents of Kentucky with dementia and their families and caregivers; recommending delivery of services in the most effective and efficient manner possible to facilitate the needs of people with dementia and their caregivers; assisting with the dissemination of program and educational materials; promoting public and professional awareness and education of dementia and access to needed services and programs; and enhancing the quality of life for persons affected by Alzheimer's, and their caregivers; and

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 342.035 is amended to read as follows:

- (1) Periodically, the executive director shall promulgate administrative regulations to adopt a schedule of fees for the purpose of ensuring that all fees, charges, and reimbursements under KRS 342.020 and this section shall be fair, current, and reasonable and shall be limited to such charges as are fair, current, and reasonable for similar treatment of injured persons in the same community for like services, where treatment is paid for by general health insurers. In determining what fees are reasonable, the executive director may also consider the increased security of payment afforded by this chapter. On or before November 1, 1994, and on July 1 every two (2) years thereafter, the schedule of fees contained in administrative regulations promulgated pursuant to this section shall be reviewed and updated, if appropriate. Within ten (10) days of April 4, 1994, the executive director shall execute a contract with an appropriately qualified consultant pursuant to which each of the following elements within the workers' compensation system are evaluated; the methods of health care delivery; quality assurance and utilization mechanisms; type, frequency, and intensity of services; risk management programs; and the schedule of fees contained in administrative regulation. The consultant shall present recommendations based on its review to the executive director not later than sixty (60) days following execution of the contract. The executive director shall consider these recommendations and, not later than thirty (30) days after their receipt, promulgate a regulation which shall be effective on an emergency basis, to effect a twenty-five percent (25%) reduction in the total medical costs within the program.
- (2) No provider of medical services or treatment required by this chapter, its agent, servant, employee, assignee, employer, or independent contractor acting on behalf of any medical provider, shall knowingly collect, attempt to collect, coerce, or attempt to coerce, directly or indirectly, the payment of any charge, for services covered by a workers' compensation insurance plan for the treatment of a work-related injury or occupational disease, in excess of that provided by a schedule of fees, or cause the credit of any employee to be impaired by reason of the employee's failure or refusal to pay the excess charge. In addition to the penalty imposed in KRS 342.990 for violations of this subsection, any individual who sustains damages by any act in violation of the provisions of this subsection shall have a civil cause of action in Circuit Court to enjoin further violations and to recover the actual damages sustained by the individual, together with the costs of the lawsuit, including a reasonable attorney's fee.
- (3) Where these requirements are furnished by a public hospital or other institution, payment thereof shall be made to the proper authorities conducting it. No compensation shall be payable for the death or disability of an employee if his death is caused, or if and insofar as his disability is aggravated, caused, or continued, by an unreasonable failure to submit to or follow any competent surgical treatment or medical aid or advice.
- (4) The executive director shall, by December 1, 1994, promulgate administrative regulations to adopt a schedule of fees for the purpose of regulating charges by medical providers and other health care professionals for testimony presented and medical reports furnished in the litigation of a claim by an injured employee against the employer. The workers' compensation medical fee schedule for physicians, 803 KAR 25:089, having an effective date of February 9, 1995, shall remain in effect until July 1, 1996, or until the effective date of any amendments promulgated by the executive director, whichever occurs first, it being determined that this administrative regulation is within the statutory grant of authority, meets legislative intent, and is not in conflict with the provisions of this chapter. The medical fee schedule and amendments shall be fair, current, and reasonable and otherwise comply with this section.

- (5) (a) To ensure compliance with subsections (1) and (4) of this section, the executive director shall promulgate administrative regulations by December 31, 1994, which require each insurance carrier, self-insured group, and self-insured employer to certify to the executive director the program or plan it has adopted to ensure compliance.
- (b) In addition, the executive director shall periodically have an independent audit conducted by a qualified independent person, firm, company, or other entity hired by the executive director, in accordance with the personal service contract provisions contained in KRS 45A.690 to 45A.725, to ensure that the requirements of subsection (1) of this section are being met. The independent person, firm, company, or other entity selected by the executive director to conduct the audit shall protect the confidentiality of any information it receives during the audit, shall divulge information received during the audit only to the executive director, and shall use the information for no other purpose than the audit required by this paragraph.
- (c) The executive director shall promulgate administrative regulations governing medical provider utilization review activities conducted by an insurance carrier, self-insured group, or self-insured employer pursuant to this chapter.
- (d) Periodically, or upon request, the executive director shall report to the Interim Joint Committee on Labor and Industry of the Legislative Research Commission or to the corresponding standing committees of the General Assembly, as appropriate, the degree of compliance or lack of compliance with the provisions of this section and make recommendations thereon.
- (e) The cost of implementing and carrying out the requirements of this subsection shall be paid from funds collected pursuant to KRS 342.122.
- (6) The executive director may promulgate administrative regulations incorporating managed care or other concepts intended to reduce costs or to speed the delivery or payment of medical services to employees receiving medical and related benefits under this chapter.

In addition, there shall be no charge for reviewing any records of a medical provider, during regular business hours, by any party who is authorized to review the records and who requests a review pursuant to this chapter.
- (8) (a) The executive director shall develop or adopt practice parameters or guidelines for clinical practice for use by medical providers under this chapter. The executive director may adopt any parameters for clinical practice as developed and updated by the federal Agency for Health Care Policy Research, or the executive director may adopt other parameters for clinical practice which are developed by qualified bodies, as determined by the executive director, with periodic updating based on data collected during the application of the parameters.
- (b) Any provider of medical services under this chapter who has followed the practice parameters or guidelines developed or adopted pursuant to this subsection shall be presumed to have met the appropriate legal standard of care in medical malpractice cases regardless of any unanticipated complication that may thereafter develop or be discovered.
- (9) (a) Notwithstanding any other provision of law to the contrary, the medical fee schedule adopted under subsection (4) of this section shall require all worker's compensation insurance carriers, worker's compensation self-insured groups, and worker's compensation self-insured employers who provide coverage for surgical first assisting benefits or services to provide coverage and payment for surgical first assisting services to registered nurse first assistants as defined in KRS 216B.015.
- (b) The provisions of this subsection apply only if reimbursement for an assisting physician would be covered and a registered nurse first assistant who performed the services is used as a substitute. The reimbursement shall be made directly to the registered nurse first assistant if the claim is submitted by a registered nurse first assistant who is not an employee of the hospital or the surgeon performing the service.

- (2) As soon as practicable after seizure of property, notice in writing shall be given by the secretary or his delegate to the owner of the property. Such notice shall specify the sum demanded and shall contain, in the case of personal property, an account of the property seized and, in the case of real property, a description with reasonable certainty of the property seized.
- (3) The secretary or his delegate shall as soon as practicable after the seizure of the property cause a notification of the sale of the seized property to be published in the newspaper with the largest circulation within the county wherein such seizure is made. Such notice shall be published once each week for three (3) successive weeks. In addition, such notice shall be posted at the courthouse and three (3) other public places in the county where the seizure is made for fifteen (15) days next preceding sale. The notice shall specify the property to be sold, and the time, place, manner, and condition of the sale thereof.
- (4) If any property liable to levy is not divisible, so as to enable the secretary or his delegate by sale of a part thereof to raise the whole amount of the contributions, penalty, interest and cost of the levy, the whole of such property shall be sold.
- (5) The time of sale shall not be less than thirty (30) nor more than ninety (90) days from the time the seizure is made. The place of sale shall be within the county in which the property is seized, except by special order of the secretary.
- (6) The sale shall not be conducted in any manner other than by public auction, or by public sale under sealed bids. - (7) The secretary or his delegate shall determine whether payment in full shall be required at the time of acceptance of a bid, or whether a part of such payment may be deferred for such period, not to exceed one (1) month, as he may determine to be appropriate. If payment in full is required at the time of acceptance of a bid and is not then and there paid, the secretary or his delegate shall forthwith proceed to again sell the property as provided in subsection (6) of this section. In the event of such readvertisement and sale, any new purchaser shall receive such property or rights to property, free and clear of any claim or right of the former defaulting purchaser, of any nature whatsoever, and the amount paid upon the bid price by such defaulting purchaser shall be forfeited.
- (8) If the secretary or his delegate determines that any property seized is liable to perish or become greatly reduced in price or value by keeping, or that such property cannot be kept without great expense, he shall appraise the value of such property and, if the owner of the property can be readily found, the secretary or his delegate shall give him notice of such determination of the appraised value of the property. The property shall be returned to the owner if, within such time as may be specified in the notice, the owner pays to the secretary or his delegate an amount equal to the appraised value, or gives bond in such form, with such sureties, and in such amount as the secretary or his delegate determines to be appropriate in the circumstances. If the owner does not pay such amount or furnish such bond in accordance with this

subsection, the secretary or his delegate shall as soon as practicable make public sale of the property without regard to the advertisement requirements or the time limitations contained in subsections (3) and (5) of this section.

- (9) No proceedings under this section shall be commenced more than ten (10)~~five (5)~~ years after the assessment or determination becomes final.
- (10) The term "levy" as used in KRS 341.800 to 341.830 includes the power of distraint and seizure. A levy shall extend only to property possessed and obligations existing at the time thereof. In any case in which the secretary or his delegate may levy upon property or rights thereto, he may seize and sell such property and rights to property, whether real, personal, tangible or intangible.

- (a) Relative percentages of tillable land, pasture land, and woodland;
 - (b) Degree of productivity of the soil;
 - (c) Risk of flooding;

He is one of the original inductees for the Kentucky Walk of Fame, and he received his sidewalk star in such good company as Rosemary Clooney, Loretta Lynn, and Patricia Neal; and

WHEREAS, Homer Ledford is survived by his loving wife of more than 50 years, Colista, whom he married while the two were students at Berea College;

NOW, THEREFORE,

WHEREAS, the state's agricultural and rural legacy has been a major part of that self-reliant character, especially in young people who grow up with serious work to do; and

WHEREAS, caring adults are essential in guiding young people to become responsible and self-reliant citizens; and

WHEREAS, Kentucky has an abundance of caring adults, such as 4H and FFA leaders, foresters, conservation leaders, local AARP members and retirees, history "buffs," and many others who, by drawing upon our Commonwealth's rural and agricultural legacy, are successfully teaching young people; and

WHEREAS, Kentucky has three public organizations that are currently especially well-positioned to provide leadership in building upon the state's legacy; and

WHEREAS, these organizations include: the Kentucky Department of Agriculture, which administers a wide range of programs that connect young people with "real life" in their communities; the Kentucky Community and Technical College System and its North American Racing Academy, which offers a variety of programs that connect students with horses and with other aspects of Kentucky's heritage; and the Kentucky Department of Education, which can build upon the many positive lessons about "learning for life" that are taught in some public schools, including small rural schools and the so-called "alternative" schools;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

Section 1. The House of Representatives of the Commonwealth of Kentucky urges and encourages the Kentucky Department of Agriculture, the Kentucky Community and Technical College System, and the Kentucky Department of Education to collaborate in developing a forum in which citizens and organizations can discuss and devise community endeavors and projects.

Section 2. These endeavors and projects can include, among many things, learning about horses so as to become competent guides for the many tourists that will be visiting Kentucky for the World Equestrian Games, and learning about Abraham Lincoln's early childhood in Larue County so as to interpret Lincoln to tourists who will visit during the upcoming bicentennial of Lincoln's birth.

Representative Moore moved the adoption of the following **HR 211**:

HR 211, A RESOLUTION unequivocally supporting the men and women of the United States Armed Forces in the Global War on Terror.

WHEREAS, the Armed Forces of the United States are currently engaged in a great global war, testing whether this nation, conceived in and dedicated to freedom and liberty, can long endure; and

WHEREAS, the Congress of the United States has opened the most extensive debate over the Global War on Terror in more than four years, causing the valiant members of those Armed Forces to question the veracity of the support they are offered from various national leaders; and

WHEREAS, previous wars have been undermined by unending streams of criticism and doubt from national leaders that demonstrate a lack of resolve to prevail against enemies of the United States; and

WHEREAS, as every Kentuckian knows, "United We Stand, Divided We Fall," and that the lessons of past wars have taught us that actions have consequences which can be harmful to the nation and our service members, causing disunity at home and leading to defeat abroad; and

WHEREAS, many in our country are playing into the hands of the enemy with their rallies and calls for immediate or "phased" redeployment and timetables for withdrawal; and

WHEREAS, public broadcasts of disunity damage the morale of the United States and coalition forces, and undermines the credibility of the United States in the eyes of the rest of the world; and

WHEREAS, national leaders, pressed by the anti-war movement, are once again, during a time of war, considering resolutions and legislation that undermine our national determination to achieve victory and the Commander-in-Chief's ability to prosecute the war; and

WHEREAS, these actions will only prolong the war and serve to provide aid and comfort to the enemy; and

WHEREAS, the intensified chaos sure to ensue in Iraq and elsewhere, subsequent to a premature disengagement, will have dire consequences for the world and our nation; and

WHEREAS, those who dissent are quick to claim that in the United States they have the right to oppose the policies and actions of their government, but it is the brave young men and women of the Armed Forces that are defending this right all the while enduring the effects of dissent and bearing the consequences; and

WHEREAS, more than 137,000 members of the Armed Forces of the United States are currently serving in Iraq and Afghanistan with the bravery and professionalism consistent with the finest traditions of the Armed Forces of the United States, and deserve the support of all Americans; and

WHEREAS, more than 8,500 Kentuckians have previously served in the Global War on Terror and currently more than 2,700 sons and daughters of the Commonwealth are serving in both Iraq and Afghanistan, and deserve the support of all Kentuckians; and

WHEREAS, the sacrifices of these brave young men and women serve to remind us that freedom is not free and that every American has the responsibility to defend that freedom;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

Section 1. The House of Representatives, in addition to respecting the sacrifices of those honored dead who gave the last full measure of devotion to the cause of freedom, hereby reaffirms its unwavering admiration of and commitment to the men and women of the Armed Forces serving in harm's way and to their ultimate victory in this noble cause.

Section 2. The House of Representatives hereby expresses in word and deed that no purported policy debate should ever be construed to undermine the ability of the Commander-in-Chief of the United States to prosecute a war against the enemies of the United States and achieve real victory and lasting peace.

Section 3. The House of Representatives hereby expresses its belief that because political dialogue can be perceived by friends and foes alike as a sign of wavering in the national will, and inevitably leads to a weakening of the necessary national unity to achieve true victory, no national political leader should undertake to engage in any so-called debate which would undermine America's determination to win the Global War on Terror.

Section 4. The House of Representatives hereby advocates that our national leaders should live up to the sentiment and spirit of President John F. Kennedy's famous words: "Let every nation know, whether it wishes us well or ill, that we shall pay any price, bear any burden, meet any hardship, support any friend, oppose any foe, to assure the survival and success of liberty."

Section 5. The Clerk of the House of Representatives is hereby directed to transmit a copy of this Resolution to the President of the United States, the President pro tempore of the United States Senate, the Speaker of the United States House of Representatives, and to each member of the Commonwealth of Kentucky's Congressional Delegation.

HR 212, by Representative Koenig: A RESOLUTION urging the United States Senate to defeat the Employee Free Choice Act.

Motions, Petitions, and Communications (Continued)

Representative Koenig moved the adoption of the following **HR 212**:

HR 212, A RESOLUTION urging the United States Senate to defeat the Employee Free Choice Act.

WHEREAS, the right of employees under the National Labor Relations Act to choose whether to be represented by a labor organization by way of secret ballot election conducted by the National Labor Relations Board is among the most important protections afforded under federal labor law; and

WHEREAS, the right of employees to choose by secret ballot their union representative is the only method that ensures a choice free of coercion and intimidation; and

WHEREAS, the recognition of a labor organization by private agreement, rather than a secret ballot election overseen by the National Labor Relations Board, threatens the freedom of employees to choose whether to be represented by a labor organization, and severely limits the ability of the National Labor Relations Board to ensure the protection of workers; and

WHEREAS, the Employee Free Choice Act, if it becomes law, would eliminate the rights of employees to vote to recognize a union by secret ballot, and replace it with the card check process, where employees are forced to make their choice in front of union supporters; and

WHEREAS, the Employee Free Choice Act would increase potential penalties against employers but not on labor organizations for certain violations of the National Labor Relations Act, and employers would be subject to paying triple back pay, and civil penalties of up to \$20,000 per violation; and

WHEREAS, the United States House of Representatives passed the Employee Free Choice Act on March 1, 2007, and the legislation is now pending before the United States Senate;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

Section 1. The House of Representatives of the Commonwealth of Kentucky urges the United States Senate to defeat the Employee Free Choice Act, which would destroy a system established more than 70 years ago with the enactment of the National Labor Relations Act, a system that protects the interests of both the employee and employer by ensuring that both sides have an opportunity to make their case, and by which employees are able to express their decisions in private, free from coercion and intimidation.

Section 2. The Clerk of the House of Representative shall transmit copies of this Resolution to the President Pro Tempore of the United States Senate, and to each member of the Kentucky United States Senate Delegation.

HB 327, On page 107, after line 4, insert the following:

"Section 70. 2006 Kentucky Acts Chapter 252, after Part XXXVI, Sales of Motor Vehicles to Nonresidents, at page 1510, is amended to include the following:

Part XXXVII

Communications Excise Tax

Notwithstanding KRS 48.310, the following statutes are amended to read as follows and shall have permanent effect, subject to future actions by the General Assembly:

Section 1. KRS 136.650 is amended to read as follows:

- (1) (a) Every political subdivision, school district, and special district shall participate in the gross revenues and excise tax fund and the state baseline and local growth fund.
 - (b) On or before December 1, 2005, each political subdivision shall certify to the department on a prescribed form the amount of collections it received from the local franchise fees collected from communications service and multichannel video programming service providers and other fees collected to fund public educational and government access programming during the period between July 1, 2004, and June 30, 2005. By certifying its participation under this subsection, each political subdivision:
 1. Consents to the hearing process provided in KRS 136.658; and
 2. Agrees to relinquish its right to enforce the portion of any contract or agreement that requires the payment of a franchise fee or tax on communications services and multichannel video programming services, regardless of whether the tax or fee is imposed on the provider or its customers.
 - (c) The amount of collections received by each political subdivision, school district, special district, and sheriff's department between July 1, 2004, and June 30, 2005, from the tax imposed by KRS 136.120 attributable to the franchise portion of the operating property, as noted in KRS 136.115, shall be calculated by the department from assessment data for calendar year 2004.
- (2) The monthly portion of the gross revenues and excise tax fund that shall be distributed to political subdivisions, school districts and special districts under KRS 136.652 shall be computed as follows:
- (a) Each political subdivision, school district and special district shall be assigned a percentage based on the amount of its collections certified under subsection (1) of this section as a ratio of the total certified amount of collections of all parties participating in the fund. This percentage shall be known as the "local historical percentage." The portion of the sheriff departments' certified collections identified in subsection (1) of this section from the tax imposed under KRS 136.120 attributable to the franchise portion of the operating property, as noted in KRS 136.115, that was imposed by county governments shall be added to each county's reported collections to determine its local historical percentage;
 - (b) The sheriff departments' collections certified under subsection (1) of this section that are retained by the sheriff departments as their fee for collecting the taxes shall be the sheriff departments' fixed hold-harmless amount;
 - (c) Forty-three million two hundred thousand dollars (\$43,200,000) shall be designated as the "annual hold harmless amount". Three million six hundred~~[thirty-four]~~ thousand dollars (\$3,600,000)~~[(\$3,034,000)]~~, which represents one-twelfth (1/12) of the total "annual hold harmless amount"~~[potential collections]~~, shall be designated as the "monthly hold-harmless amount"; and
 - (d) Each political subdivision's, school district's, and special district's local historical percentage shall be multiplied by the monthly hold-harmless amount to determine its monthly distribution from the fund.
- (3) If during the period between June 30, 2005, and December 31, 2005, any political subdivision collected additional local franchise~~[had a substantial change in its base]~~ revenue from communications service and multichannel video programming service providers by enacting or modifying the rate of a local franchise fee prior to June 30, 2005, and those additional receipts were reported to the department on or before June 30, 2006,~~[the political subdivision may request]~~ the department shall include this additional local franchise revenue to determine the~~[its]~~ certified collection amount.
- (4) If any political subdivision, school district, special district, or sheriff's department believes that the data used to determine its certified amount of collections are inaccurate, the political subdivision, school district, special district, or sheriff's

department may request a redetermination by the oversight committee established by KRS 136.658. A redetermination shall be effective prospectively beginning with the next distribution cycle occurring ninety (90) days after the matter is finally settled.

Section 2. KRS 136.654 is amended to read as follows:

- (1) On or before December 1, 2005, and every January 31 thereafter, as determined necessary by the department for distribution of anticipated local growth fund receipts, each participating political subdivision shall certify to the department its total tax receipts for the prior fiscal year. This amount shall be used to calculate the percentage of each political subdivision's portion of the account labeled under its county's name within the state baseline and local growth fund as described in subsection (3)(b) of this section. "Total tax receipts" shall not include revenue from nontax sources, such as intergovernmental revenues, charges for services, tuition, interfund transfers, interest and investment income, rental income, income from asset sales, beginning balances, or revenue from licenses and permits. "Total tax receipts" shall include the following:
 - (a) Real estate and tangible personal property taxes, including delinquent tax receipts;
 - (b) Franchise fees or taxes on utilities, other than multichannel video programming service and communications service utilities;
 - (c) Occupational and business license fees or taxes, including insurance premium taxes, net profits taxes, gross receipts taxes, payroll taxes, transient room taxes, restaurant taxes, and bank deposit taxes;
 - (d) Telephone emergency surcharge fees;
 - (e) Gross revenues tax hold-harmless and growth fund receipts; and
 - (f) Payments in lieu of taxes.
- (2) On or before every January 31, as determined necessary by the department for distribution of anticipated local growth fund receipts, each participating school district and special district shall certify to the department the amount of its prior year tax assessments under KRS Chapter 132 on companies' providing of multichannel video programming service and communications service. This amount shall be used to calculate the percentage of each school district's and special district's portion of the account labeled under its county's name within the state baseline and local growth fund as described in subsection (3)(b) of this section. For tax years with no assessments under KRS Chapter 132, the local historical percentage as defined in KRS 136.650 shall be used.
- (3) Each political subdivision's, school district's, and special district's monthly portion of the state baseline and local growth fund shall be computed as follows:
 - (a) A "local growth portion" shall be determined as an amount of money that when added to the hold-harmless amount identified in KRS 136.650(2)(c) equals fifteen and six-tenths percent (15.6%) of the total amount deposited in the gross revenues and excise tax fund, minus the amount of distributions made under KRS 136.652(1) and (3).
 - (b) The local growth portion shall be accounted for by county within the state baseline and local growth fund based on the ratio of the gross revenues tax collected on multichannel video programming services and communications services provided in each county to the total statewide collections of the gross revenues tax. The county-by-county allotment of the local growth portion shall be known as the "county growth portion."
 - (c) The county growth portion shall be further segregated into the political subdivision allotment, the school district allotment, and the special district allotment based upon the ratio of each allotment category's total historical collections as calculated under KRS 136.650(2) to the total overall county historical collections as calculated from the certified collections under KRS 136.650(1).
 - (d) On or before April 25, 2006, each political subdivision's share of the political subdivision allotment shall be determined by multiplying the political subdivision allotment of the local growth portion as determined in paragraph (b) of this subsection by the percentage calculated in subsection (1) of this section.
 - (e) On or before April 25, 2006, each school district's share of the school district allotment shall be determined by multiplying the school district allotment as determined in paragraph (c) of this subsection by the percentage calculated in subsection (2) of this section.
 - (f) On or before April 25, 2006, each special district's share of the special district allotment shall be determined by multiplying the special district allotment as determined in paragraph (c) of this subsection by the percentage calculated in subsection (2) of this section.
 - (g) The respective allotment share for each participating political subdivision, school district, and special district shall be adjusted every July 1 following the year 2006, to account for any change in its percentages based on annual certifications required in subsections (1) and (2) of this section.
 - (h) Notwithstanding the annual certifications required in subsection (1) of this section, following the year 2006, political subdivisions may choose to determine their respective shares of the political subdivision allotment pursuant to an interlocal agreement as authorized under KRS 65.240. Activation or termination of an interlocal agreement shall comply with the notification requirements of subsection (1) of this section and shall become effective the following July 1. The terms of a timely interlocal agreement governing the distribution of a political

subdivision allotment shall remain in effect until its timely termination by one of the participating political subdivisions.

Section 3. Notwithstanding the provisions of KRS 136.652 establishing a different distribution formula, to support the retroactive increase of the monthly hold harmless amount established in paragraph (c) of subsection (2) of Section 1 of this Part, there is hereby appropriated from the General Fund in Fiscal Year 2006-2007 the amount of \$7,800,000. The amount so appropriated shall be deposited in the gross revenues and excise tax fund created by KRS 136.648, and shall be distributed to each political subdivision, school district and special district in accordance with the direction provided in this section and the formula established by Section 1 of this Part. To determine how the increased hold harmless amount shall be distributed among the political subdivisions, school districts and special districts, the Department of Revenue shall calculate the actual distributions received by each political subdivision, school district and special district for the period beginning January 1, 2006 and ending March 1, 2007 relating to calendar year 2006, and any other distributions made in calendar year 2007 prior to the passage of this Act. The Department of Revenue shall then calculate the distribution that would have been received by each political subdivision, school district, and special district under the revised hold harmless amount established in paragraph (c) of subsection (2) and the franchise rate provisions of subsection (3) of Section 1 of this Part. The difference between the two amounts shall be distributed to each political subdivision, school district and special district to make up for shortfalls in distributions from January 1, 2006 through March 1, 2007 relating to calendar year 2006 and any distributions made after March 1, 2007 relating to calendar year 2007 prior to the passage of this Act. Any amounts remaining after calculation of the distributions shall be returned to the General Fund.

Section 4. The provisions of Sections 1 and 3 of this Part shall be retroactive to January 1, 2006."; and

Renumber subsequent section accordingly.

Communications Excise Tax

Notwithstanding KRS 48.310, the following statutes are amended to read as follows and shall have permanent effect, subject to future actions by the General Assembly:

Section 1. KRS 136.650 is amended to read as follows:

- (1)
 - (a) Every political subdivision, school district, and special district shall participate in the gross revenues and excise tax fund and the state baseline and local growth fund.
 - (b) On or before December 1, 2005, each political subdivision shall certify to the department on a prescribed form the amount of collections it received from the local franchise fees collected from communications service and multichannel video programming service providers and other fees collected to fund public educational and government access programming during the period between July 1, 2004, and June 30, 2005. By certifying its participation under this subsection, each political subdivision:
 1. Consents to the hearing process provided in KRS 136.658; and
 2. Agrees to relinquish its right to enforce the portion of any contract or agreement that requires the payment of a franchise fee or tax on communications services and multichannel video programming services, regardless of whether the tax or fee is imposed on the provider or its customers.
 - (c) The amount of collections received by each political subdivision, school district, special district, and sheriff's department between July 1, 2004, and June 30, 2005, from the tax imposed by KRS 136.120 attributable to the franchise portion of the operating property, as noted in KRS 136.115, shall be calculated by the department from assessment data for calendar year 2004.
- (2) The monthly portion of the gross revenues and excise tax fund that shall be distributed to political subdivisions, school districts and special districts under KRS 136.652 shall be computed as follows:
 - (a) Each political subdivision, school district and special district shall be assigned a percentage based on the amount of its collections certified under subsection (1) of this section as a ratio of the total certified amount of collections of all parties participating in the fund. This percentage shall be known as the "local historical percentage." The portion of the sheriff departments' certified collections identified in subsection (1) of this section from the tax imposed under KRS 136.120 attributable to the franchise portion of the operating property, as noted in KRS 136.115, that was imposed by county governments shall be added to each county's reported collections to determine its local historical percentage;
 - (b) The sheriff departments' collections certified under subsection (1) of this section that are retained by the sheriff departments as their fee for collecting the taxes shall be the sheriff departments' fixed hold-harmless amount;
 - (c) Forty-three million two hundred thousand dollars (\$43,200,000) shall be designated as the "annual hold harmless amount". Three million six hundred~~thirty-four~~ thousand dollars (\$3,600,000)~~(\$3,034,000)~~, which represents one-twelfth (1/12) of the total "annual hold harmless amount"~~"potential collections"~~, shall be designated as the "monthly hold-harmless amount"; and
 - (d) Each political subdivision's, school district's, and special district's local historical percentage shall be multiplied by the monthly hold-harmless amount to determine its monthly distribution from the fund.
- (3) If during the period between June 30, 2005, and December 31, 2005, any political subdivision collected additional local franchise~~had a substantial change in its base~~ revenue from communications service and multichannel video programming service providers by enacting or modifying the rate of a local franchise fee prior to June 30, 2005, and those additional receipts were reported to the department on or before June 30, 2006,~~the political subdivision may request~~ the department shall include this additional local franchise revenue to determine the~~its~~ certified collection amount.
- (4) If any political subdivision, school district, special district, or sheriff's department believes that the data used to determine its certified amount of collections are inaccurate, the political subdivision, school district, special district, or sheriff's department may request a redetermination by the oversight committee established by KRS 136.658. A redetermination shall be effective prospectively beginning with the next distribution cycle occurring ninety (90) days after the matter is finally settled.

Section 2. KRS 136.654 is amended to read as follows:

- (1) On or before December 1, 2005, and every January 31 thereafter, as determined necessary by the department for distribution of anticipated local growth fund receipts, each participating political subdivision shall certify to the department its total tax receipts for the prior fiscal year. This amount shall be used to calculate the percentage of each political subdivision's portion of the account labeled under its county's name within the state baseline and local growth fund as described in subsection (3)(b) of this section. "Total tax receipts" shall not include revenue from nontax sources, such as intergovernmental revenues, charges for services, tuition, interfund transfers, interest and investment income, rental income, income from asset sales, beginning balances, or revenue from licenses and permits. "Total tax receipts" shall include the following:

2007 Regular Session

service utilities;

- (c) Occupational and business license fees or taxes, including insurance premium taxes, net profits taxes, gross receipts taxes, payroll taxes, transient room taxes, restaurant taxes, and bank deposit taxes;
 - (d) Telephone emergency surcharge fees;
 - (e) Gross revenues tax hold-harmless and growth fund receipts; and
 - (f) Payments in lieu of taxes.
- (2) On or before every January 31, as determined necessary by the department for distribution of anticipated local growth fund receipts, each participating school district and special district shall certify to the department the amount of its prior year tax assessments under KRS Chapter 132 on companies' providing of multichannel video programming service and communications service. This amount shall be used to calculate the percentage of each school district's and special district's portion of the account labeled under its county's name within the state baseline and local growth fund as described in subsection (3)(b) of this section. For tax years with no assessments under KRS Chapter 132, the local historical percentage as defined in KRS 136.650 shall be used.
- (3) Each political subdivision's, school district's, and special district's monthly portion of the state baseline and local growth fund shall be computed as follows:
- (a) A "local growth portion" shall be determined as an amount of money that when added to the hold-harmless amount identified in KRS 136.650(2)(c) equals fifteen and six-tenths percent (15.6%) of the total amount deposited in the gross revenues and excise tax fund, minus the amount of distributions made under KRS 136.652(1) and (3).
 - (b) The local growth portion shall be accounted for by county within the state baseline and local growth fund based on the ratio of the gross revenues tax collected on multichannel video programming services and communications services provided in each county to the total statewide collections of the gross revenues tax. The county-by-county allotment of the local growth portion shall be known as the "county growth portion."
 - (c) The county growth portion shall be further segregated into the political subdivision allotment, the school district allotment, and the special district allotment based upon the ratio of each allotment category's total historical collections as calculated under KRS 136.650(2) to the total overall county historical collections as calculated from the certified collections under KRS 136.650(1).
 - (d) On or before April 25, 2006, each political subdivision's share of the political subdivision allotment shall be determined by multiplying the political subdivision allotment of the local growth portion as determined in paragraph (b) of this subsection by the percentage calculated in subsection (1) of this section.
 - (e) On or before April 25, 2006, each school district's share of the school district allotment shall be determined by multiplying the school district allotment as determined in paragraph (c) of this subsection by the percentage calculated in subsection (2) of this section.
 - (f) On or before April 25, 2006, each special district's share of the special district allotment shall be determined by multiplying the special district allotment as determined in paragraph (c) of this subsection by the percentage calculated in subsection (2) of this section.
 - (g) The respective allotment share for each participating political subdivision, school district, and special district shall be adjusted every July 1 following the year 2006, to account for any change in its percentages based on annual certifications required in subsections (1) and (2) of this section.
 - (h) Notwithstanding the annual certifications required in subsection (1) of this section, following the year 2006, political subdivisions may choose to determine their respective shares of the political subdivision allotment pursuant to an interlocal agreement as authorized under KRS 65.240. Activation or termination of an interlocal agreement shall comply with the notification requirements of subsection (1) of this section and shall become effective the following July 1. The terms of a timely interlocal agreement governing the distribution of a political subdivision allotment shall remain in effect until its timely termination by one of the participating political subdivisions.

Section 3. Notwithstanding the provisions of KRS 136.652 establishing a different distribution formula, to support the retroactive increase of the monthly hold harmless amount established in paragraph (c) of subsection (2) of Section 1 of this Part, there is hereby appropriated from the General Fund in Fiscal Year 2006-2007 the amount of \$7,800,000. The amount so appropriated shall be deposited in the gross revenues and excise tax fund created by KRS 136.648, and shall be distributed to each political subdivision, school district and special district in accordance with the direction provided in this section and the formula established by Section 1 of this Part. To determine how the increased hold harmless amount shall be distributed among the political subdivisions, school districts and special districts, the Department of Revenue shall calculate the actual distributions received by each political subdivision, school district and special district for the period beginning January 1, 2006 and ending March 1, 2007 relating to calendar year 2006, and any other distributions made in calendar year 2007 prior to the passage of this Act. The Department of Revenue shall then calculate the distribution that would have been received by each political subdivision,

school district, and special district under the revised hold harmless amount established in paragraph (c) of subsection (2) and the franchise rate provisions of subsection (3) of Section 1 of this Part. The difference between the two amounts shall be distributed to each political subdivision, school district and special district to make up for shortfalls in distributions from January 1, 2006 through March 1, 2007 relating to calendar year 2006 and any distributions made after March 1, 2007 relating to calendar year 2007 prior to the passage of this Act. Any amounts remaining after calculation of the distributions shall be returned to the General Fund.

Section 4. The provisions of Sections 1 and 3 of this Part shall be retroactive to January 1, 2006."

Representative Montell moved the adoption of the following **Legislative Citation No. 70**.

The House of Representatives of the Commonwealth of Kentucky does hereby adjourn this legislative day in honor of Steve Landers as this indispensable member of LRC's renowned and occasionally notorious Computer Staff--a consummate professional and an astute practitioner of civility, humor and kindness--celebrates his 40th Birthday, the past ten of which have mostly been

spent working in the basement of the Annex, waiting for the Record to run. Scotty Rowe designed and wrote the Billbook System and Steve Landers enhanced it by adding more remote control tools for each of the legislators' chamber PCs; adding new features allowing review of the Budget Memorandum; and contributing the feature, "This Day in Legislative History." He also developed the Orders of the Day software for the Plasma Screens in the House Chamber, thereby banishing the overhead projector, screen and grease pencils. This system runs in synchronized unison with the Bill Book system and requires only a click by the clerk to bring up the bills and amendments on the members' screens, at the same time highlighting them on the Orders of the Day screens. Further, he is the in-house expert on the International Roll-Call Voting, Request to Speak and Page systems and their back-up systems and has put forth great effort training other staff to provide support in the House and Senate Chambers. For his outstanding work on behalf of the members of the Kentucky General Assembly, and in honor of the time, skill and expertise he has shared with the Legislative Research Commission, all the while sustaining and enriching the lives of his family--his wife, Kathy, and their children, Nathan, Chuck and Katie; enjoying the company of his friends; and contributing to his community through his service as a deacon at Waddy Christian Church and as a volunteer firefighter with the Waddy Volunteer Fire Department, the members of this august body are delighted to join with Representative Brad Montell in extending warmest wishes as he celebrates this birthday with his loving family and friends. Done in Frankfort, Kentucky, this ninth day of March, in the year two thousand and seven.

Legislative Citation No. 70 was adopted without objection.

Representative Webb moved to introduce and act on a resolution. Agreed.

The contracts shall include but not be limited to designating the entity responsible for filing any federal forms, adoption of policies required for proper plan administration, acceptance of the contractual provisions with health insurance carriers or third-party administrators, and adoption of the payment and reimbursement methods necessary for efficient administration of the health insurance program. Health insurance coverage provided to state employees under this section shall, at a minimum, contain the same benefits as provided under Kentucky Kare Standard as of January 1, 1994, and shall include a mail-order drug option as provided in subsection (13) of this section. All employees and other persons for whom the health care coverage is provided or made available shall annually be given an option to elect health care coverage through a self-funded plan offered by the Commonwealth or, if a self-funded plan is not available, from a list of coverage options determined by the competitive bid process under the provisions of KRS 45A.080, 45A.085, and 45A.090 and made available during annual open enrollment.
- (b) The policy or policies shall be approved by the executive director of insurance and may contain the provisions he approves, whether or not otherwise permitted by the insurance laws.
 - (c) Any carrier bidding to offer health care coverage to employees shall agree to provide coverage to all members of the state group, including active employees and retirees and their eligible covered dependents and beneficiaries, within the county or counties specified in its bid. Except as provided in subsection (18) of this section, any carrier bidding to offer health care coverage to employees shall also agree to rate all employees as a single entity, except for those retirees whose former employers insure their active employees outside the state-sponsored health insurance program.
 - (d) Any carrier bidding to offer health care coverage to employees shall agree to provide enrollment, claims, and utilization data to the Commonwealth in a format specified by the Personnel Cabinet with the understanding that the data shall be owned by the Commonwealth; to provide data in an electronic form and within a time frame specified by the Personnel Cabinet; and to be subject to penalties for noncompliance with data reporting requirements as specified by the Personnel Cabinet. The Personnel Cabinet shall take strict precautions to protect the confidentiality of each individual employee; however, confidentiality assertions shall not relieve a carrier from the requirement of providing stipulated data to the Commonwealth.
 - (e) The Personnel Cabinet shall develop the necessary techniques and capabilities for timely analysis of data received from carriers and, to the extent possible, provide in the request-for-proposal specifics relating to data requirements, electronic reporting, and penalties for noncompliance. The Commonwealth shall own the enrollment, claims, and utilization data provided by each carrier and shall develop methods to protect the confidentiality of the individual. The Personnel Cabinet shall include in the October annual report submitted pursuant to the provisions of KRS 18A.226 to the Governor, the General Assembly, and the Chief Justice of the Supreme Court, an analysis of the financial stability of the program, which shall include but not be limited to loss ratios, methods of risk adjustment, measurements of carrier quality of service, prescription coverage and cost management, and statutorially required mandates. If state self-insurance was available as a carrier option, the report also shall provide a detailed financial analysis of the self-insurance fund including but not limited to loss ratios, reserves, and reinsurance agreements.
 - (f) If any agency participating in the state-sponsored employee health insurance program for its active employees terminates participation and there is a state appropriation for the employer's contribution for active employees' health insurance coverage, then neither the agency nor the employees shall receive the state-funded contribution after termination from the state-sponsored employee health insurance program.
 - (g) Any funds in flexible spending accounts that remain after all reimbursements have been processed shall be transferred to the credit of the state-sponsored health insurance plan's appropriation account.
 - (h) Each entity participating in the state-sponsored health insurance program shall provide an amount at least equal to the state contribution rate for the employer portion of the health insurance premium. For any participating entity that used the state payroll system, the employer contribution amount shall be equal to but not greater than the state contribution rate.
- (3) The premiums may be paid by the policyholder:
- (a) Wholly from funds contributed by the employee, by payroll deduction or otherwise;

2007 Regular Session

- (b) Wholly from funds contributed by any department, board, agency, public postsecondary education institution, or branch of state, city, urban-county, charter county, county, or consolidated local government; or
 - (c) Partly from each, except that any premium due for health care coverage or dental coverage, if any, in excess of the premium amount contributed by any department, board, agency, postsecondary education institution, or branch of state, city, urban-county, charter county, county, or consolidated local government for any other health care coverage shall be paid by the employee.
- (4) If an employee moves his place of residence or employment out of the service area of an insurer offering a managed health care plan, under which he has elected coverage, into either the service area of another managed health care plan or into an area of the Commonwealth not within a managed health care plan service area, the employee shall be given an option, at the time of the move or transfer, to change his or her coverage to another health benefit plan.
- (5) No payment of premium by any department, board, agency, public postsecondary educational institution, or branch of state, city, urban-county, charter county, county, or consolidated local government shall constitute compensation to an insured employee for the purposes of any statute fixing or limiting the compensation of such an employee. Any premium or other expense incurred by any department, board, agency, public postsecondary educational institution, or branch of state, city, urban-county, charter county, county, or consolidated local government shall be considered a proper cost of administration.
- (6) The policy or policies may contain the provisions with respect to the class or classes of employees covered, amounts of insurance or coverage for designated classes or groups of employees, policy options, terms of eligibility, and continuation of insurance or coverage after retirement.
- (7) Group rates under this section shall be made available to the disabled child of an employee regardless of the child's age if the entire premium for the disabled child's coverage is paid by the state employee. A child shall be considered disabled if he has been determined to be eligible for federal Social Security disability benefits.
- (8) The health care contract or contracts for employees shall be entered into for a period of not less than one (1) year.
- (9) The secretary shall appoint thirty-two (32) persons to an Advisory Committee of State Health Insurance Subscribers to advise the secretary or his designee regarding the state-sponsored health insurance program for employees. The secretary shall appoint, from a list of names submitted by appointing authorities, members representing school districts from each of the seven (7) Supreme Court districts, members representing state government from each of the seven (7) Supreme Court districts, two (2) members representing retirees under age sixty-five (65), one (1) member representing local health departments, two (2) members representing the Kentucky Teachers' Retirement System, and three (3) members at large. The advisory committee shall be appointed in January of each year and shall meet quarterly.
- (10) Notwithstanding any other provision of law to the contrary, the policy or policies provided to employees pursuant to this section shall not provide coverage for obtaining or performing an abortion, nor shall any state funds be used for the purpose of obtaining or performing an abortion on behalf of employees or their dependents.
- (11) Interruption of an established treatment regime with maintenance drugs shall be grounds for an insured to appeal a formulary change through the established appeal procedures approved by the Office of Insurance, if the physician supervising the treatment certifies that the change is not in the best interests of the patient.
- (12) Any employee who is eligible for and elects to participate in the state health insurance program as a retiree, or the spouse or beneficiary of a retiree, under any one (1) of the state-sponsored retirement systems shall not be eligible to receive the state health insurance contribution toward health care coverage as a result of any other employment for which there is a public employer contribution. This does not preclude a retiree and an active employee spouse from using both contributions to the extent needed for purchase of one (1) state sponsored health insurance policy for that plan year.
- (13) (a) The policies of health insurance coverage procured under subsection (2) of this section shall include a mail-order drug option for maintenance drugs for state employees. Maintenance drugs may be dispensed by mail order in accordance with Kentucky law.
- (b) A health insurer shall not discriminate against any retail pharmacy located within the geographic coverage area of the health benefit plan and that meets the terms and conditions for participation established by the insurer, including price, dispensing fee, and copay requirements of a mail-order option. The retail pharmacy shall not be required to dispense by mail.
- (c) The mail-order option shall not permit the dispensing of a controlled substance classified in Schedule II.
- (14) The policy or policies provided to state employees or their dependents pursuant to this section shall provide coverage for obtaining a hearing aid and acquiring hearing aid-related services for insured individuals under eighteen (18) years of age, subject to a cap of one thousand four hundred dollars (\$1,400) every thirty-six (36) months pursuant to KRS 304.17A-132.

- (15) If a state employee's residence and place of employment are in the same county, and if the hospital located within that county does not offer surgical services, intensive care services, obstetrical services, level II neonatal services, diagnostic cardiac catheterization services, and magnetic resonance imaging services, the employee may select a plan available in a contiguous county that does provide those services, and the state contribution for the plan shall be the amount available in the county where the plan selected is located.
- (16) If a state employee's residence and place of employment are each located in counties in which the hospitals do not offer surgical services, intensive care services, obstetrical services, level II neonatal services, diagnostic cardiac catheterization services, and magnetic resonance imaging services, the employee may select a plan available in a county contiguous to the county of residence that does provide those services, and the state contribution for the plan shall be the amount available in the county where the plan selected is located.
- (17) The Personnel Cabinet is encouraged to study whether it is fair and reasonable and in the best interests of the state group to allow any carrier bidding to offer health care coverage under this section to submit bids that may vary county by county or by larger geographic areas.
- (18) Notwithstanding any other provision of this section, the bid for proposals for health insurance coverage for calendar year 2004 shall include a bid scenario that reflects the statewide rating structure provided in calendar year 2003 and a bid scenario that allows for a regional rating structure that allows carriers to submit bids that may vary by region for a given product offering as described in this subsection:
 - (a) The regional rating bid scenario shall not include a request for bid on a statewide option;
 - (b) The Personnel Cabinet shall divide the state into geographical regions which shall be the same as the partnership regions designated by the Department for Medicaid Services for purposes of the Kentucky Health Care Partnership Program established pursuant to 907 KAR 1:705;
 - (c) The request for proposal shall require a carrier's bid to include every county within the region or regions for which the bid is submitted and include but not be restricted to a preferred provider organization (PPO) option;
 - (d) If the Personnel Cabinet accepts a carrier's bid, the cabinet shall award the carrier all of the counties included in its bid within the region. If the Personnel Cabinet deems the bids submitted in accordance with this subsection to be in the best interests of state employees in a region, the cabinet may award the contract for that region to no more than two (2) carriers; and
 - (e) Nothing in this subsection shall prohibit the Personnel Cabinet from including other requirements or criteria in the request for proposal.
- (19) Any fully insured health benefit plan or self-insured plan issued or renewed on or after July 12, 2006, to public employees pursuant to this section which provides coverage for services rendered by a physician or osteopath duly licensed under KRS Chapter 311 that are within the scope of practice of an optometrist duly licensed under the provisions of KRS Chapter 320 shall provide the same payment of coverage to optometrists as allowed for those services rendered by physicians or osteopaths.
- (20) Any fully insured health benefit plan or self-insured plan issued or renewed on or after July 12, 2006, to public employees pursuant to this section shall comply with the provisions of KRS 304.17A-270 and 304.17A-525.
- (21) Any full insured health benefit plan or self insured plan issued or renewed on or after July 12, 2006, to public employees shall comply with KRS 304.17A-600 to 304.17A-633 pertaining to utilization review, KRS 205.593 and 304.17A-700 to 304.17A-730 pertaining to payment of claims, KRS 304.14-135 pertaining to uniform health insurance claim forms, KRS 304.17A-580 and 304.17A-641 pertaining to emergency medical care, KRS 304.99-123, and any administrative regulations promulgated thereunder.

Section 4. KRS 161.158 is amended to read as follows:

- (1) (a) Each district board of education may form its employees into a group or groups or recognize existing groups for the purpose of obtaining the advantages of group life, disability, medical, and dental insurance, or any group insurance plans to aid its employees including the state employee health insurance group as described in KRS 18A.225, as long as the employees continue to be employed by the board of education. Medical and dental group insurance plans obtained under authority of this section may include insurance benefits for the families of the insured group or groups of employees. Any district board of education may pay all or part of the premium on the policies, and may deduct from the salaries of the employees that part of the premium which is to be paid by them and may contract with the insurer to provide the above benefits. As permitted in KRS 160.280(5), board members shall be eligible to participate in any group medical or dental insurance provided by the district for employees.

With the exception of membership dues, the board shall not be required to make more than one (1) remittance of amounts deducted during a pay period for a separate type of deduction; and

2. Deductions from payments for the per diem and actual expenses provided under subsection (1) of Section 1 of this Act to members of the district board of education whenever a request is presented by a board member to the board. The deductions may be made for but not be limited to membership dues, health insurance purchases, scholarship funds, and contributions to a political action committee.

HB 280, AN ACT relating to military burials.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 213.076 is amended to read as follows:

- (1)
 - (a) A certificate of death or a provisional certificate of death for each death which occurs in the Commonwealth shall be filed with the cabinet or as otherwise directed by the state registrar prior to final disposition, and it shall be registered if it has been completed and filed in accordance with this section. The funeral director, or person acting as such, who first takes custody of a dead body shall be responsible for filing the certificate of death. The funeral director, or person acting as such, shall obtain the required personal and statistical particulars from the person best qualified to supply them over the signature and address of the informant.
 - (b) At the time of obtaining the required personal and statistical particulars from the informant referred to in paragraph (a) of this subsection, the funeral director, or person acting as such, shall ask the informant if the deceased ever served in the military. If the informant answers in the affirmative, then the funeral director, or person acting as such, shall provide the informant with a fact sheet, stating military burial rights, supplied by the Kentucky Department of Veterans' Affairs.
 - (c) The funeral director, or person acting as such, shall within five (5) days of the death, present the certificate to the attending physician, if any, or to the health officer or coroner as directed by the state registrar, for the medical certificate of the cause of death and other particulars necessary to complete the record as required by this chapter.
 - ~~(d)(a)~~ It shall be unlawful for an institution to release a dead human body until the funeral director, or person acting as such, has completed and filed with the local registrar or person in charge of the institution, a provisional certificate of death. If death occurs outside an institution, the provisional certificate shall be filed with the local registrar by the funeral director, or person acting as such, prior to final disposition of the dead body. A copy of the provisional certificate of death signed by the person with whom it was filed, shall constitute authority for the possession, transportation, and, except for cremation, final disposition of the body.
 - ~~(e)(b)~~ All persons having in their possession a completed provisional certificate of death shall file the certificate at not more than weekly intervals with the local registrar.
 - ~~(f)(c)~~ If the place of death is unknown but the dead body is found in the Commonwealth, the certificate of death shall be completed and filed in accordance with this section. The place where the body is found shall be shown as the place of death. If the date of death is unknown, it shall be determined by approximation subject to amendment upon completion of any postmortem examination required to be performed.
 - ~~(g)(d)~~ If death occurs in a moving conveyance in the United States and the body is first removed from the conveyance in the Commonwealth, the death shall be registered in Kentucky, and the place where it is first removed shall be considered the place of death. If a death occurs on a moving conveyance while in international waters or air space or in a foreign country or its air space, and the body is first removed from the conveyance in the Commonwealth, the death shall be registered in Kentucky, but the certificate shall show the actual place of death insofar as can be determined.
- (2) If any certificate of death is incomplete or unsatisfactory, the state registrar shall call attention to the defects in the certificate and require the person responsible for the entry to complete or correct it. The state registrar may also require additional information about the circumstances and medical conditions surrounding a death in order to properly code and classify the underlying cause.
- (3) The medical certification shall be completed, signed, and returned to the funeral director within five (5) working days after presentation to the physician, dentist, or chiropractor in charge of the patient's care for the illness or condition which resulted in death, except when inquiry is required by KRS 72.400 to 72.475. In such cases, and if the cause of death is unknown or under investigation, the cause of death shall be shown as such on the certificate. A supplemental report providing the medical information omitted from the original certificate shall be filed by the certifier with the state registrar within five (5) days after receiving results of the inquiry as required by KRS 72.400 to 72.475. The supplemental report shall be made a part of the existing death certificate. This report shall be considered an amendment, and the death certificate shall be marked "Amended." In the absence of the physician, dentist, or chiropractor, or with such person's approval, the certificate may be completed and signed by his associate physician, dentist, or chiropractor, or the chief medical officer of the institution in which death occurred, or the physician who performed an autopsy upon the decedent, or a physician employed by the local health department, if the individual has access to the medical history of the case and death is due to natural causes.
- (4) If death occurs more than thirty-six (36) hours after the decedent was last treated or attended by a physician, dentist, or chiropractor, the case shall be referred to the coroner for investigation to determine and certify the cause of death. In the event that a coroner is not available to sign the certificate and there is no duly appointed deputy, the county judge/executive shall appoint a competent person to investigate the death and certify to its cause.
- (5)
 - (a) The physician, dentist, chiropractor, or coroner who certifies to the cause of death shall return the certificate to the funeral director, or person acting as such, who, in turn, shall file the certificate directly with the Vital Statistics Branch. Any certified copies of the record requested at the time of filing shall be issued in not more than two (2) working days.
 - (b) In the case of a death in which diabetes was an underlying cause or contributing condition, diabetes shall be listed in the appropriate location on the death certificate by the physician, dentist, chiropractor, or coroner who certifies to the cause of death.

2007 Regular Session

- (c) In the case of a death in which diabetes was an immediate, underlying, or contributing cause of or condition leading to death, the physician, dentist, chiropractor, or coroner who certifies to the cause of death shall check "yes" for each of the following questions on the death certificate:
1. "Did the deceased have diabetes?"; and
 2. "Was diabetes an immediate, underlying, or contributing cause of or condition leading to death?".
- (6) The Vital Statistics Branch shall provide self-addressed, color-coded envelopes for the funeral homes in the Commonwealth of Kentucky.
- (7) Three (3) free verification-of-death statements shall be provided to the funeral director by the Vital Statistics Branch for every death in the Commonwealth of Kentucky.
- (8) The body of any person whose death occurs in Kentucky shall not be interred, deposited in a vault or tomb, cremated, or otherwise disposed of, or removed from or into any registration district, until a provisional certificate of death has been filed with the local registrar of the registration district in which the death occurs. If the death occurred from a disease declared by the Cabinet for Health and Family Services to be infectious, contagious, or communicable and dangerous to the public health, no permit for the removal or other disposition of the body shall be granted by the registrar except under conditions prescribed by the Cabinet for Health and Family Services and the local health department. The Cabinet for Health and Family Services shall identify by regulation those communicable diseases which require blood and body fluid precautions. If a person who has been diagnosed as being infected with a communicable disease for which blood and body fluid precautions are required, dies within a health facility as defined in KRS 216B.015, the facility shall notify any embalmer or funeral director to whom the body will be transported of the need for such precautions. The notice shall be provided by including the statement "Blood and Body Fluid Precautions" on the provisional report-of-death form as prescribed by the Cabinet for Health and Family Services. Lack of this notice shall not relieve any embalmer or funeral director from taking universal blood and body fluid precautions as are recommended by the United States Department of Health and Human Services, Centers for Disease Control for Morticians' Services. No embalmer or funeral director shall charge more for embalming the remains of a person with a communicable disease which requires blood and body fluid precautions than the price for embalming services listed on the price list funeral providers are required to maintain and provide to consumers pursuant to 16 C.F.R. Sec. 453.2 (1988).
- (9) A burial-transit permit for the final disposition issued under the law of another state which accompanies a dead body or fetus brought into the Commonwealth shall be the authority for final disposition of the body or fetus in the Commonwealth and may be accepted in lieu of a certificate of death. There shall be noted on the face of the record made for return to the local registrar that the body was shipped to Kentucky for interment and the actual place of death.
- (10) Nothing in this section shall be construed to delay, beyond a reasonable time, the interment or other disposition of a body unless the services of the coroner or the health officer are required or the Department for Public Health deems it necessary for the protection of the public health. If compliance with this section would result in unreasonable delay in the disposition of the body the funeral director, or person acting as such, shall file with the local registrar or deputy registrar prior to interment a provisional certificate of death which shall contain the name, date, and place of death of the deceased, the name of the medical certifier, and an agreement to furnish within ten (10) days a complete and satisfactory certificate of death.
- (11) No sexton or other person in charge of any place in which interment or other disposition of dead bodies is made shall inter or allow interment or other disposition of a dead body or fetus unless it is accompanied by a copy of the provisional certificate of death. The sexton, or if there is no sexton, the funeral director, or person acting as such, shall enter on the provisional certificate over his signature, the date, place, and manner of final disposition and file the certificate within five (5) days with the local registrar.
- (12) Authorization for disinterment, transportation, and reinterment or other disposition shall be required prior to disinterment of any human remains. The authorization shall be issued by the state registrar upon proper application. The provisions of this subsection shall apply to all manners of disposition except cremation and without regard for the time and place of death. The provisions of KRS 381.765 shall not apply to remains removed for scientific study and the advancement of knowledge.
- (13) After a death certificate has been on file for five (5) years, it may not be changed in any manner except upon order of a court. Prior to that time, requests for corrections, amendments, or additions shall be accompanied by prima facie evidence which supports the requested change.

Section 2. KRS 525.055 is amended to read as follows:

- (1) Every employer under this chapter shall either insure and keep insured his liability for compensation hereunder in some

corporation, association, or organization authorized to transact the business of workers' compensation insurance in this state or shall furnish to the executive director satisfactory proof of his financial ability to pay directly the compensation in the amount and manner and when due as provided for in this chapter. In the latter case, the executive director shall require the deposit of an acceptable security, indemnity, or bond to secure, to the extent the executive director directs, the payment of compensation liabilities as they are incurred. *A public sector self-insured employer shall not be required to deposit funds as security, indemnity, or bond to secure the payment of liabilities under this chapter, if the public employer has authority to raise taxes, notwithstanding provisions of KRS 68.245, 132.023, 132.027, and 160.470 relating to recall and reconsideration of local taxes; raise tuition; issue bonds; raise fees or fares for services provided; or has other authority to generate funds for its operation.*

- (2) Every employer subject to this chapter shall file, or have filed on its behalf, with the office, as often as may be necessary, evidence of its compliance with the provisions of this section and all others relating hereto. Any insurance carrier or self-insured group providing workers' compensation insurance coverage for a Kentucky location shall file on behalf of the employer, with the executive director, evidence of the employer's compliance with this chapter. The filing shall be made within ten (10) days after the issuance of a policy, endorsement to a policy, or similar documentation of coverage. Every employer who has complied with the foregoing provision and has subsequently canceled its insurance or its membership in an approved self-insured group, as the case may be, shall immediately notify, or have notice given on its behalf to the office of the cancellation, the date thereof, and the reasons therefor; and every insurance carrier or self-insured group shall in like manner notify the executive director upon the cancellation, lapse, termination, expiration by reason of termination of policy period, or nonrenewal of any policy issued by it or termination of any membership agreement, whichever is applicable under the provisions of this chapter, except that the carrier or self-insured group need not set forth its reasons therefor unless requested by the executive director. The above filings are to be made on the forms prescribed by the executive director. Termination of any policy of insurance issued under the provisions of this chapter shall take effect no greater than ten (10) days prior to the receipt of the notification by the executive director unless the employer has obtained other insurance and the executive director is notified of that fact by the insurer assuming the risk. Upon determination that any employer under this chapter has failed to comply with these provisions, the executive director shall promptly notify interested government agencies of this failure and, with particular reference to employers engaged in coal mining, the executive director shall promptly report any failures to the Department for Natural Resources so that appropriate action may be undertaken pursuant to KRS 351.175.

As used in this chapter, unless the context otherwise requires:

- (1) "Injury" means any work-related traumatic event or series of traumatic events, including cumulative trauma, arising out of and in the course of employment which is the proximate cause producing a harmful change in the human organism evidenced by objective medical findings. "Injury" does not include the effects of the natural aging process, and does not include any communicable disease unless the risk of contracting the disease is increased by the nature of the employment. "Injury" when used generally, unless the context indicates otherwise, shall include an occupational disease and damage to a prosthetic appliance, but shall not include a psychological, psychiatric, or stress-related change in the human organism, unless it is a direct result of a physical injury;
- (2) "Occupational disease" means a disease arising out of and in the course of the employment;
- (3) An occupational disease as defined in this chapter shall be deemed to arise out of the employment if there is apparent to the rational mind, upon consideration of all the circumstances, a causal connection between the conditions under which the work is performed and the occupational disease, and which can be seen to have followed as a natural incident to the work as a result of the exposure occasioned by the nature of the employment and which can be fairly traced to the employment as the proximate cause. The occupational disease shall be incidental to the character of the business and not independent of the relationship of employer and employee. An occupational disease need not have been foreseen or expected but, after its contraction, it must appear to be related to a risk connected with the employment and to have flowed from that source as a rational consequence;
- (4) "Injurious exposure" shall mean that exposure to occupational hazard which would, independently of any other cause whatsoever, produce or cause the disease for which the claim is made;
- (5) "Death" means death resulting from an injury or occupational disease;
- (6) "Carrier" means any insurer, or legal representative thereof, authorized to insure the liability of employers under this chapter and includes a self-insurer;

- (c) "Permanent total disability" means the condition of an employee who, due to an injury, has a permanent disability rating and has a complete and permanent inability to perform any type of work as a result of an injury, except that total disability shall be irrebuttably presumed to exist for an injury that results in:
 - 1. Total and permanent loss of sight in both eyes;
 - 2. Loss of both feet at or above the ankle;
 - 3. Loss of both hands at or above the wrist;
 - 4. Loss of one (1) foot at or above the ankle and the loss of one (1) hand at or above the wrist;
 - 5. Permanent and complete paralysis of both arms, both legs, or one (1) arm and one (1) leg;
 - 6. Incurable insanity or imbecility; or
 - 7. Total loss of hearing;
- (12) "Income benefits" means payments made under the provisions of this chapter to the disabled worker or his dependents in case of death, excluding medical and related benefits;

- (17) "Wages" means, in addition to money payments for services rendered, the reasonable value of board, rent, housing, lodging, fuel, or similar advantages received from the employer, and gratuities received in the course of employment from persons other than the employer as evidenced by the employee's federal and state tax returns;
- (18) "Agriculture" means the operation of farm premises, including the planting, cultivation, producing, growing, harvesting, and preparation for market of agricultural or horticultural commodities thereon, the raising of livestock for food products and for racing purposes, and poultry thereon, and any work performed as an incident to or in conjunction with the farm operations, including the sale of produce at on-site markets and the processing of produce for sale at on-site markets. It shall not include the commercial processing, packing, drying, storing, or canning of such commodities for market, or making cheese or butter or other dairy products for market;
- (19) "Beneficiary" means any person who is entitled to income benefits or medical and related benefits under this chapter;
- (20) "United States," when used in a geographic sense, means the several states, the District of Columbia, the Commonwealth of Puerto Rico, the Canal Zone, and the territories of the United States;
- (21) "Alien" means a person who is not a citizen, a national, or a resident of the United States or Canada. Any person not a citizen or national of the United States who relinquishes or is about to relinquish his residence in the United States shall be regarded as an alien;
- (22) "Insurance carrier" means every insurance carrier or insurance company authorized to do business in the Commonwealth writing workers' compensation insurance coverage and includes the Kentucky Employers Mutual Insurance Authority and every self-insured group operating under the provisions of this chapter;
- (23) (a) "Severance or processing of coal" means all activities performed in the Commonwealth at underground, auger, and surface mining sites; all activities performed at tipple or processing plants that clean, break, size, or treat coal; and all activities performed at coal loading facilities for trucks, railroads, and barges. - (b) "Engaged in severance or processing of coal" shall include all individuals, partnerships, limited partnerships, limited liability companies, corporations, joint ventures, associations, or any other business entity in the Commonwealth which has employees on its payroll who perform any of the acts stated in paragraph (a) of this subsection, regardless of whether the acts are performed as owner of the coal or on a contract or fee basis for the actual owner of the coal. A business entity engaged in the severance or processing of coal, including but not limited to administrative or selling functions, shall be considered wholly engaged in the severance or processing of coal for the purpose of this chapter. However, a business entity which is engaged in a separate business activity not related to coal, for which a separate premium charge is not made, shall be deemed to be engaged in the severance or processing of coal only to the extent that the number of employees engaged in the severance or processing of coal bears to the total number of employees. Any employee who is involved in the business of severing or processing of coal and business activities not related to coal shall be prorated based on the time involved in severance or processing of coal bears to his total time;

- (24) "Premium" for every self-insured group means any and all assessments levied on its members by such group or contributed to it by the members thereof. For special fund assessment purposes, "premium" also includes any and all membership dues, fees, or other payments by members of the group to associations or other entities used for underwriting, claims handling, loss control, premium audit, actuarial, or other services associated with the maintenance or operation of the self-insurance group;

The rates, factors, and methods used to calculate the cost for coverage under this paragraph for insurance policies or other evidence of coverage with provisions for deductibles shall be the same rates, factors, and methods normally used by the insurance company in Kentucky to calculate the cost for coverage for insurance policies or other evidence of coverage without provisions for deductibles, except that, for insurance policies or other evidence of coverage with provisions for deductibles effective on or after January 1, 1995, the calculated cost for coverage shall not include any schedule rating modification, debits, or credits. The cost for coverage calculated under this paragraph by insurance companies that issue only deductible insurance policies in Kentucky shall be actuarially adequate to cover the entire liability of the employer for compensation under this chapter, including all expenses and allowances normally used to calculate the cost for coverage. For policies with provisions for deductibles with effective dates of May 6, 1993, through December 31, 1993, for which the insurance company did not report premiums and remit special fund assessments based on the calculated cost for coverage prior to the reduction for deductibles, "premiums received" includes the initial premium plus any reimbursements invoiced for losses, expenses, and fees charged under the deductibles. The special fund assessment rates in effect for reimbursements invoiced for losses, expenses, or fees charged under the deductibles shall be those percentages in effect on the effective date of the insurance policy. For policies covering leased employees as defined in KRS 342.615, "premiums received" means premiums calculated using the experience modification factor of each lessee as defined in KRS 342.615 for each leased employee for that portion of the payroll pertaining to the leased employee.
- (b) "Direct written premium" for insurance companies means the gross premium written less return premiums and premiums on policies not taken but including policy and membership fees.

The rates, factors, and methods used to calculate the cost for coverage under this paragraph for insurance policies or other evidence of coverage with provisions for deductibles shall be the same rates, factors, and methods normally used by the insurance company in Kentucky to calculate the cost for coverage for insurance policies or other evidence of coverage without provisions for deductibles, except that, for insurance policies or other evidence of coverage with provisions for deductibles effective on or after January 1, 1995, the calculated cost for coverage shall not include any schedule rating modifications, debits, or credits. The cost for coverage calculated under this paragraph by insurance companies that issue only deductible insurance policies in Kentucky shall be actuarially adequate to cover the entire liability of the employer for compensation under this chapter, including all expenses and allowances normally used to calculate the cost for coverage. For policies with provisions for deductibles with effective dates of May 6, 1993, through December 31, 1993, for which the insurance company did not report premiums and remit special fund assessments based on the calculated cost for coverage prior to the reduction for deductibles, "premium" includes the initial consideration plus any reimbursements invoiced for losses, expenses, or fees charged under the deductibles.
- (d) "Return premiums" for insurance companies means amounts returned to insureds due to endorsements, retrospective adjustments, cancellations, dividends, or errors;
- (26) "Insurance policy" for an insurance company or self-insured group means the term of insurance coverage commencing from the date coverage is extended, whether a new policy or a renewal, through its expiration, not to exceed the anniversary date of the renewal for the following year;
- (27) "Self-insurance year" for a self-insured group means the annual period of certification of the group created pursuant to KRS 342.350(4) and 304.50-010;
- (28) "Premium" for each employer carrying his own risk pursuant to KRS 342.340(1) shall be the projected value of the employer's workers' compensation claims for the next calendar year as calculated by the executive director using generally-accepted actuarial methods as follows:
- (a) The base period shall be the earliest three (3) calendar years of the five (5) calendar years immediately preceding the calendar year for which the calculation is made. The executive director shall identify each claim of the employer which has an injury date or date of last injurious exposure to the cause of an occupational disease during each one (1) of the three (3) calendar years to be used as the base, and shall assign a value to each claim. The value

shall be the total of the indemnity benefits paid to date and projected to be paid, adjusted to current benefit levels, plus the medical benefits paid to date and projected to be paid for the life of the claim, plus the cost of medical and vocational rehabilitation paid to date and projected to be paid. Adjustment to current benefit levels shall be done by multiplying the weekly indemnity benefit for each claim by the number obtained by dividing the statewide average weekly wage which will be in effect for the year for which the premium is being calculated by the statewide average weekly wage in effect during the year in which the injury or date of the last exposure occurred. The total value of the claims using the adjusted weekly benefit shall then be calculated by the executive director. Values for claims in which awards have been made or settlements reached because of findings of permanent partial or permanent total disability shall be calculated using the mortality and interest discount assumptions used in the latest available statistical plan of the advisory rating organization defined in Subtitle 13 of KRS Chapter 304. The sum of all calculated values shall be computed for all claims in the base period;

- (b) The executive director shall obtain the annual payroll for each of the three (3) years in the base period for each employer carrying his own risk from records of the office and from the records of the Office of Employment and Training, Education Cabinet. The executive director shall multiply each of the three (3) years of payroll by the number obtained by dividing the statewide average weekly wage which will be in effect for the year in which the premium is being calculated by the statewide average weekly wage in effect in each of the years of the base period;
 - (c) The executive director shall divide the total of the adjusted claim values for the three (3) year base period by the total adjusted payroll for the same three (3) year period. The value so calculated shall be multiplied by 1.25 and shall then be multiplied by the employer's most recent annualized payroll, calculated using records of the office and the Office of Employment and Training data which shall be made available for this purpose on a quarterly basis as reported, to obtain the premium for the next calendar year for assessment purposes under KRS 342.122;
 - (d) For November 1, 1987, through December 31, 1988, premium for each employer carrying his own risk shall be an amount calculated by the board pursuant to the provisions contained in this subsection and such premium shall be provided to each employer carrying his own risk and to the funding commission on or before January 1, 1988. Thereafter, the calculations set forth in this subsection shall be performed annually, at the time each employer applies or renews his application for certification to carry his own risk for the next twelve (12) month period and submits payroll and other data in support of the application. The employer and the funding commission shall be notified at the time of the certification or recertification of the premium calculated by the executive director, which shall form the employer's basis for assessments pursuant to KRS 342.122 for the calendar year beginning on January 1 following the date of certification or recertification;
 - (e) If an employer having fewer than five (5) years of doing business in this state applies to carry his own risk and is so certified, his premium for the purposes of KRS 342.122 shall be based on the lesser number of years of experience as may be available including the two (2) most recent years if necessary to create a three (3) year base period. If the employer has less than two (2) years of operation in this state available for the premium calculation, then his premium shall be the greater of the value obtained by the calculation called for in this subsection or the amount of security required by the executive director pursuant to KRS 342.340(1);
 - (f) If an employer is certified to carry his own risk after having previously insured the risk, his premium shall be calculated using values obtained from claims incurred while insured for as many of the years of the base period as may be necessary to create a full three (3) year base. After the employer is certified to carry his own risk and has paid all amounts due for assessments upon premiums paid while insured, he shall be assessed only upon the premium calculated under this subsection;
 - (g) "Premium" for each employer defined in KRS 342.630(2) shall be calculated as set forth in this subsection; and
 - (h) Notwithstanding any other provision of this subsection, the premium of any employer authorized to carry its own risk for purposes of assessments due under this chapter shall be no less than thirty cents (\$0.30) per one hundred dollars (\$100) of the employer's most recent annualized payroll for employees covered by this chapter;
- (29) "SIC code" as used in this chapter means the Standard Industrial Classification Code contained in the latest edition of the Standard Industrial Classification Manual published by the Federal Office of Management and Budget;
 - (30) "Investment interest" means any pecuniary or beneficial interest in a provider of medical services or treatment under this chapter, other than a provider in which that pecuniary or investment interest is obtained on terms equally available to the public through trading on a registered national securities exchange, such as the New York Stock Exchange or the American Stock Exchange, or on the National Association of Securities Dealers Automated Quotation System;
 - (31) "Managed health care system" means a health care system that employs gatekeeper providers, performs utilization review, and does medical bill audits;
 - (32) "Physician" means physicians and surgeons, psychologists, optometrists, dentists, podiatrists, and osteopathic and chiropractic practitioners acting within the scope of their license issued by the Commonwealth;
 - (33) "Objective medical findings" means information gained through direct observation and testing of the patient applying objective or standardized methods;
 - (34) "Work" means providing services to another in return for remuneration on a regular and sustained basis in a competitive

economy;

- (35) "Permanent impairment rating" means percentage of whole body impairment caused by the injury or occupational disease as determined by "Guides to the Evaluation of Permanent Impairment," American Medical Association, latest available edition; and
- (36) "Permanent disability rating" means the permanent impairment rating selected by an administrative law judge times the factor set forth in the table that appears at KRS 342.730(1)(b).

Section 3. KRS 304.13-167 is amended to read as follows:

- (1) Every workers' compensation insurer shall adhere to a uniform classification system and uniform experience rating system filed with the executive director by an advisory organization designated by the executive director.
- (2) Every workers' compensation insurer shall report its experience in accordance with the statistical plans and other reporting requirements in use by an advisory organization designated by the executive director.
- (3) A workers' compensation insurer may develop subclassifications of the uniform classification system upon which rates may be made. These subclassifications and their filing shall be subject to the provisions of this chapter applicable to filings generally.
- (4) A workers' compensation insurer may develop rating plans which identify loss experience as a factor to be used. These rating plans and their filing shall be subject to the provisions of this chapter applicable to filings generally.
- (5) The executive director shall disapprove subclassifications, rating plans, or other variations from manual rules filed by a workers' compensation insurer if the insurer fails to demonstrate that the data thereby produced can be reported consistent with the uniform classification system and experience rating system and in such a fashion so as to allow for the application of experience rating filed by the advisory organization.

- (6) The executive director shall approve rating plans for workers' compensation insurance that give specific identifiable consideration in the setting of rates to employers who implement a drug-free workplace program pursuant to administrative regulations adopted by the Office of Workers' Claims in the Department of Labor. The plans shall take effect January 1, 2008, shall be actuarially sound, and shall state the savings anticipated to result from such drug-free workplace programs. The credit shall be at least five percent (5%) unless the executive director determines that five percent (5%) is actuarially unsound. The executive director is also authorized to develop a schedule of premium credits for workers' compensation insurance for employers who have safety programs that contain certain criteria for safety programs. The executive director shall consult with the executive director of the Office of Workers' Claims in the Department of Labor in setting such criteria. A drug-free workplace credit under this subsection shall not be available to employers who receive a credit under KRS 304.13-412 or Chapter 351.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 337.275 is amended to read as follows:

- (1) Except as may otherwise be provided by this chapter, every employer shall pay to each of his employees wages at a rate of not less than five dollars and eighty-five cents (\$5.85) an hour beginning on the effective date of this Act, not less than six dollars and fifty-five cents (\$6.55) an hour beginning July 1, 2008, and not less than seven dollars and twenty-five cents (\$7.25) an hour beginning July 1, 2009. If the federal minimum hourly wage as prescribed by 29 U.S.C. sec. 206(a)(1) is increased in excess of the minimum hourly wage in effect under this subsection, the minimum hourly wage under this subsection shall be increased to the same amount, effective on the same date as the federal minimum hourly wage rate. If the state minimum hourly wage is increased to the federal minimum hourly wage, it shall include ~~The minimum wage rates required under this chapter shall be adjusted in accordance with adjustments made in the federal minimum hourly rate. The adoption required in this subsection includes~~ only the federal minimum hourly rate prescribed in 29 U.S.C. sec. 206(a)(1) and ~~shall~~ does not include other wage rates, or conditions, exclusions, or exceptions to the federal minimum hourly wage rate. In addition, the increase to ~~adoption of~~ the federal minimum hourly wage rate does not extend or modify the scope or coverage of the minimum wage rate required under this chapter.
- (2) Notwithstanding the provisions of subsection (1) of this section, for any employee engaged in an occupation in which he customarily and regularly receives more than thirty dollars (\$30) per month in tips from patrons or others, the employer may pay as a minimum not less than the hourly wage rate required to be paid a tipped employee under the federal minimum hourly wage law as prescribed by 29 U.S.C. sec. 203. The employer shall establish by his records that for each week where credit is taken, when adding tips received to wages paid, not less than the minimum rate prescribed in 29 U.S.C. sec. 203 was received by the employee. No employer shall use all or part of any tips or gratuities received by employees toward the payment of the statutory minimum hourly wage as required by 29 U.S.C. sec. 203. Nothing, however, shall prevent employees from entering into an agreement to divide tips or gratuities among themselves.

Section 2. KRS 154.22-040 is amended to read as follows:

- (1) Each year the authority shall under its Rural Economic Development Assistance Program, on the basis of the final unemployment figures calculated by the Office of Employment and Training within the Department of Workforce Investment in the Education Cabinet, determine which counties have had a countywide rate of unemployment exceeding the statewide unemployment rate of the Commonwealth in the most recent five (5) consecutive calendar years, or which have had an average countywide rate of unemployment exceeding the statewide unemployment rate of the Commonwealth by two hundred percent (200%) in the most recent calendar year, and shall certify those counties as qualified counties. A county not certified on the basis of final unemployment figures may also be certified as a qualified county if the authority determines the county is one (1) of the sixty (60) most distressed counties in the Commonwealth based on the following criteria with equal weight given to each criterion:
 - (a) The average countywide rate of unemployment in the most recent three (3) consecutive calendar years, on the basis of final unemployment figures calculated by the Office of Employment and Training within the Department of Workforce Investment in the Education Cabinet;
 - (b) In each county the percentage of adults twenty-five (25) years of age and older who have attained at least a high school education or equivalent, on the basis of the most recent data available from the United States Department of Commerce, Bureau of the Census; and
 - (c) Road quality, as quantified by the access within a county to roads ranked in descending order from best quality to worst quality as follows: two (2) or more interstate highways, one (1) interstate highway, a state four (4) lane parkway, four (4) lane principal arterial access to an interstate highway, state two (2) lane parkway and none of the preceding road types, as certified by the Kentucky Transportation Cabinet to the authority.

If the authority determines that a county which has previously been certified as a qualified county no longer meets the criteria of this subsection, the authority shall decertify that county. The authority shall not provide inducements for any facilities in that county and an approved company shall not be eligible for the inducements offered by KRS 154.22-010 to 154.22-070 unless the tax incentive agreements required herein are entered into by all parties prior to July 1 of the year following the calendar year in which the authority decertified that county. In addition, the authority shall certify coal-producing counties, not otherwise certified as qualified counties in this subsection, for economic development projects involving the new construction of electric generation facilities. A coal producing county shall mean a county in the Commonwealth of Kentucky that has produced coal upon which the tax imposed under KRS 143.020 was paid at any time. For economic development projects undertaken in a regional industrial park, as defined in KRS 42.4588, or in an industrial park created pursuant to an interlocal agreement in which revenues are shared as provided in KRS 65.245, where the physical boundaries of the industrial park lie within two (2) or more counties of which at least one (1) of the counties is a qualified county under this section, an eligible company undertaking an economic development project within the physical boundaries of the industrial park may be approved for the inducements under KRS 154.22-010 to 154.22-080.

- (2) The authority shall establish the procedures and standards for the determination and approval of eligible companies and their economic development projects by the promulgation of administrative regulations in accordance with KRS Chapter 13A. The criteria for approval of eligible companies and economic development projects shall include but not be limited to the creditworthiness of eligible companies; the number of new jobs to be provided by an economic development project to residents of the Commonwealth; and the likelihood of the economic success of the economic development project.

- (3) The economic development project shall involve a minimum investment of one hundred thousand dollars (\$100,000) by the eligible company and shall result in the creation by the eligible company, within two (2) years from the date of the final approval authorizing the economic development project, of a minimum of fifteen (15) new full-time jobs at the site of the economic development project for Kentucky residents to be employed by the eligible company and to be held by persons subject to the personal income tax of the Commonwealth. The authority may extend this two (2) year period upon the written application of an eligible company requesting an extension.
- (4) (a) Within six (6) months after the activation date, the approved company shall compensate a minimum of ninety percent (90%) of its full-time employees whose jobs were created with base hourly wages equal to either:
1. Seventy-five percent (75%) of the average hourly wage for the Commonwealth; or
 2. Seventy-five percent (75%) of the average hourly wage for the county in which the project is to be undertaken.
- (b) If the base hourly wage calculated in subparagraph (a)1. or (a)2. of this subsection is less than one hundred fifty percent (150%) of the federal minimum wage, then the base hourly wage shall be one hundred fifty percent (150%) of the federal minimum wage. However, for projects receiving preliminary approval of the authority prior to July 1, 2008, the base hourly wage shall be one hundred fifty percent (150%) of the federal minimum wage existing on January 1, 2007. In addition to the applicable base hourly wage calculated above, the eligible company shall provide employee benefits equal to at least fifteen percent (15%) of the applicable base hourly wage; however, if the eligible company does not provide employee benefits equal to at least fifteen percent (15%) of the applicable base hourly wage, the eligible company may qualify under this section if it provides the employees hired by the eligible company as a result of the economic development project total hourly compensation equal to or greater than one hundred fifteen percent (115%) of the applicable base hourly wage through increased hourly wages combined with employee benefits.
- (c) The requirements of this subsection shall not apply to eligible companies which are nonprofit corporations established under KRS 273.163 to 273.387 and whose employees are handicapped and sheltered workshop workers employed at less than the established minimum wage as authorized by KRS 337.295.

For an eligible company, within a regional industrial park which lies within two (2) or more counties, the calculation of the wage and benefit requirement shall be determined by averaging the average county hourly wage for all counties within the regional industrial park.

- (5) No economic development project which will result in the replacement of agribusiness, manufacturing, or electric generation facilities existing in the state shall be approved by the authority; however, the authority may approve an economic development project that:
- (a) Rehabilitates an agribusiness, manufacturing, or electric generation facility:

 - (b) Nursing-home care, including medical supplies and services, and drugs during confinement therein on prescription of a physician, dentist, or podiatrist;

Eyeglasses shall be provided only to children under age twenty-one (21);
 - (f) Drugs on the prescription of a physician used to prevent the rejection of transplanted organs if the patient is indigent;

- (2) Payments for hospital care, nursing-home care, and drugs or other medical, ophthalmic, podiatric, and dental supplies shall be on bases which relate the amount of the payment to the cost of providing the services or supplies. It shall be one (1) of the functions of the council to make recommendations to the Cabinet for Health and Family Services with respect to the bases for payment. In determining the rates of reimbursement for long-term-care facilities participating in the Medical Assistance Program, the Cabinet for Health and Family Services shall, to the extent permitted by federal law, not allow the following items to be considered as a cost to the facility for purposes of reimbursement:
- (a) Motor vehicles that are not owned by the facility, including motor vehicles that are registered or owned by the facility but used primarily by the owner or family members thereof;
 - (b) The cost of motor vehicles, including vans or trucks, used for facility business shall be allowed up to fifteen thousand dollars (\$15,000) per facility, adjusted annually for inflation according to the increase in the consumer price index-u for the most recent twelve (12) month period, as determined by the United States Department of Labor. Medically equipped motor vehicles, vans, or trucks shall be exempt from the fifteen thousand dollar (\$15,000) limitation. Costs exceeding this limit shall not be reimbursable and shall be borne by the facility. Costs for additional motor vehicles, not to exceed a total of three (3) per facility, may be approved by the Cabinet for Health and Family Services if the facility demonstrates that each additional vehicle is necessary for the operation of the facility as required by regulations of the cabinet;
 - (c) Salaries paid to immediate family members of the owner or administrator, or both, of a facility, to the extent that services are not actually performed and are not a necessary function as required by regulation of the cabinet for the operation of the facility. The facility shall keep a record of all work actually performed by family members;
 - (d) The cost of contracts, loans, or other payments made by the facility to owners, administrators, or both, unless the payments are for services which would otherwise be necessary to the operation of the facility and the services are required by regulations of the Cabinet for Health and Family Services. Any other payments shall be deemed part of the owner's compensation in accordance with maximum limits established by regulations of the Cabinet for Health and Family Services. Interest paid to the facility for loans made to a third party may be used to offset allowable interest claimed by the facility;
 - (e) Private club memberships for owners or administrators, travel expenses for trips outside the state for owners or administrators, and other indirect payments made to the owner, unless the payments are deemed part of the owner's compensation in accordance with maximum limits established by regulations of the Cabinet for Health and Family Services; and
 - (f) Payments made to related organizations supplying the facility with goods or services shall be limited to the actual cost of the goods or services to the related organization, unless it can be demonstrated that no relationship between the facility and the supplier exists. A relationship shall be considered to exist when an individual, including brothers, sisters, father, mother, aunts, uncles, and in-laws, possesses a total of five percent (5%) or more of ownership equity in the facility and the supplying business. An exception to the relationship shall exist if fifty-one

percent (51%) or more of the supplier's business activity of the type carried on with the facility is transacted with persons and organizations other than the facility and its related organizations.

- (3) No vendor payment shall be made unless the class and type of medical care rendered and the cost basis therefor has first been designated by regulation.
- (4) The rules and regulations of the Cabinet for Health and Family Services shall require that a written statement, including the required opinion of a physician, shall accompany any claim for reimbursement for induced premature births. This statement shall indicate the procedures used in providing the medical services.
- (5) The range of medical care benefit standards provided and the quality and quantity standards and the methods for determining cost formulae for vendor payments within each category of public assistance and other recipients shall be uniform for the entire state, and shall be designated by regulation promulgated within the limitations established by the Social Security Act and federal regulations. It shall not be necessary that the amount of payments for units of services be uniform for the entire state but amounts may vary from county to county and from city to city, as well as among hospitals, based on the prevailing cost of medical care in each locale and other local economic and geographic conditions, except that insofar as allowed by applicable federal law and regulation, the maximum amounts reimbursable for similar services rendered by physicians within the same specialty of medical practice shall not vary according to the physician's place of residence or place of practice, as long as the place of practice is within the boundaries of the state.
- (6) Nothing in this section shall be deemed to deprive a woman of all appropriate medical care necessary to prevent her physical death.
- (7) To the extent permitted by federal law, no medical assistance recipient shall be recertified as qualifying for a level of long-term care below the recipient's current level, unless the recertification includes a physical examination conducted by a physician licensed pursuant to KRS Chapter 311 or by an advanced registered nurse practitioner licensed pursuant to KRS Chapter 314 and acting under the physician's supervision.
- (8) If payments made to community mental health centers, established pursuant to KRS Chapter 210, for services provided to the mentally retarded exceed the actual cost of providing the service, the balance of the payments shall be used solely for the provision of other services to the mentally retarded through community mental health centers.
- (9) No long-term-care facility, as defined in KRS 216.510, providing inpatient care to recipients of medical assistance under Title XIX of the Social Security Act on July 15, 1986, shall deny admission of a person to a bed certified for reimbursement under the provisions of the Medical Assistance Program solely on the basis of the person's paying status as a Medicaid recipient. No person shall be removed or discharged from any facility solely because they became eligible for participation in the Medical Assistance Program, unless the facility can demonstrate the resident or the resident's responsible party was fully notified in writing that the resident was being admitted to a bed not certified for Medicaid reimbursement. No facility may decertify a bed occupied by a Medicaid recipient or may decertify a bed that is occupied by a resident who has made application for medical assistance.
- (10) Family-practice physicians practicing in geographic areas with no more than one (1) primary-care physician per five thousand (5,000) population, as reported by the United States Department of Health and Human Services, shall be reimbursed one hundred twenty-five percent (125%) of the standard reimbursement rate for physician services.
- (11) The Cabinet for Health and Family Services shall make payments under the Medical Assistance program for services which are within the lawful scope of practice of a chiropractor licensed pursuant to KRS Chapter 312, to the extent the Medical Assistance Program pays for the same services provided by a physician.
- (12) The Medical Assistance Program shall use the form and guidelines established pursuant to KRS 304.17A-545(5) for assessing the credentials of those applying for participation in the Medical Assistance Program, including those licensed and regulated under KRS Chapters 311, 312, 313, 314, 315, and 320, any facility required to be licensed pursuant to KRS Chapter 216B, and any other health care practitioner or facility as determined by the Department for Medicaid Services through an administrative regulation promulgated under KRS Chapter 13A.

Section 2. The General Assembly finds and declares that:

- (1) Diabetes is a chronic disease in which the body does not produce enough insulin, a hormone needed for the proper metabolism of carbohydrates, which results in a high blood sugar level;
- (2) The serious long-term complications associated with high blood sugar include blindness, lower-extremity amputation, kidney failure, and cardiovascular disease which shortens life by approximately 13 years;
- (3) America is facing a diabetes epidemic with an estimated 20.8 million Americans living with the disease and it is estimated that one in three people born in the year 2000 or later will develop diabetes;
- (4) Diabetes is a leading health problem among Kentuckians, ranking seventh in the nation in the largest percentage of adults with diabetes and is the fifth leading cause of death for Kentuckians;
- (5) Overweight and obesity are strongly linked to the development of type 2 diabetes;
- (6) Kentuckians are at great risk of developing diabetes because the prevalence of obesity in Kentucky is higher than the national average for males and females (27 percent in Kentucky males compared to 23 percent for the nation and 23.9 percent in Kentucky females compared to 22 percent for the nation);

(7) In recent years, there has been an alarming increase in the number of younger people diagnosed with diabetes, which is attributable to lifestyle and an excess body mass;

(8) The cornerstones for the prevention and control of diabetes include education, early screening, and early treatment;

(9) Diabetes can be prevented or the onset delayed by maintaining normal body weight and engaging in regular physical activity, and even modest weight loss has been shown to lower blood sugar levels, improve fat level in the blood, lower blood pressure, and treat other metabolic diseases;

(10) Body mass index (BMI) is a commonly used tool to measure the amount of weight relative to a person's height, is easy to calculate, and is readily available on an easy-to-read chart which converts height and weight to BMI;

(11) The National Heart, Lung, and Blood Institute guidelines define overweight as a body mass index equal or greater than 25 and obesity as a BMI equal to or greater than 30;

(12) The American Diabetes Association (ADA), American Heart Association (AHA), and the Centers for Disease Control and Prevention (CDC) recognize that weight management is of great importance in reducing cardiovascular risks for people with type 2 diabetes;

(13) The ADA recommends weight loss for all overweight or obese adults who have, or who are at risk for developing, type 2 diabetes; and

(14) The adoption of the ADA, AHA, and CDC guidelines for the prevention and treatment of diabetes, including the monitoring of BMI, is of great significance in improving the health status of Kentuckians.

SECTION 3. A NEW SECTION OF KRS CHAPTER 205.510 TO 205.630 IS CREATED TO READ AS FOLLOWS:

- (1) The Cabinet for Health and Family Services is urged to encourage primary care providers participating in the Medicaid program to obtain and record the body mass index of Medicaid recipients on at least an annual basis.
- (2) The Cabinet for Health and Family Services is urged to encourage health care providers to use the body mass index record and the American Diabetes Association guidelines in the treatment of Medicaid recipients to prevent or delay the onset of diabetes mellitus, control diabetes, and prevent the long-term complications associated with diabetes.

Loss by severance of both hands at or above the wrists, or both feet at or above the ankles, or one (1) hand above the wrist and one (1) foot above the ankle, or the complete, irrevocable loss of the sight of both eyes shall be considered as total and permanent.
 - (b) Hazardous disability means a disability which results in the member's total incapacity to continue as a regular full-time officer or as an employee in a hazardous position, as defined in KRS 61.592, but which does not result in the member's total and permanent incapacity to engage in other occupations for remuneration or profit.
 - (c) In determining whether the disability meets the requirement of this section, any reasonable accommodation provided by the employer as provided in 42 U.S.C. sec. 12111(9) and 29 C.F.R. Part 1630 shall be considered.
 - (d) If the board determines that the total and permanent disability of a member receiving a retirement allowance under this section has ceased, then the board shall determine if the member has a hazardous disability.
- (2) Any person may qualify to retire on disability, subject to the following:
 - (a) For persons who were members participating before July 1, 2008, the person shall have sixty (60) months of service, twelve (12) of which shall be current service credited under KRS 16.543(1), 61.543(1), or 78.615(1). For persons who were members participating on or after July 1, 2008, the person shall have one hundred twenty (120) months of service credited under KRS 16.543(1), 61.543(1), or 78.615(1).  - (b) For a person whose membership date is prior to August 1, 2004, the person shall not be eligible for an unreduced retirement allowance;
 - (c) The person's application shall be on file in the retirement office no later than twenty-four (24) months after the person's last day of paid employment, as defined in KRS 16.505, as a regular full-time officer or in a regular full-time hazardous position under KRS 61.592;
 - (d) The person shall receive a satisfactory determination pursuant to KRS 61.665; and
 - (e) A person's disability application based on the same claim of incapacity shall be accepted and reconsidered for disability if accompanied by new objective medical evidence. The application shall be on file in the retirement office no later than twenty-four (24) months after the person's last day of paid employment as a regular full-time officer or in a regular full-time hazardous position.
- (3) Upon the examination of the objective medical evidence by licensed physicians pursuant to KRS 61.665, it shall be determined that:
 - (a) The incapacity results from bodily injury, mental illness, or disease. For purposes of this section, "injury" means any physical harm or damage to the human organism other than disease or mental illness;
 - (b) The incapacity is deemed to be permanent; and
 - (c) The incapacity does not result directly or indirectly from:
 - 1. Injury intentionally self-inflicted while sane or insane;
 - 2. Injury or disease resulting from military service; or
 - 3. Bodily injury, mental illness, disease, or condition which pre-existed membership in the system or reemployment, whichever is most recent, unless:
 - a. The disability results from bodily injury, mental illness, disease, or a condition which has been

substantially aggravated by an injury or accident arising out of or in the course of employment; or

- b. The person has at least sixteen (16) years' current or prior service for employment with employers participating in the retirement systems administered by the Kentucky Retirement Systems.

For purposes of this subparagraph, "reemployment" shall not mean a change of employment between employers participating in the retirement systems administered by the Kentucky Retirement Systems with no loss of service credit.

- (4) (a) 1. An incapacity shall be deemed to be permanent if it is expected to result in death or can be expected to last for a continuous period of not less than twelve (12) months from the person's last day of paid employment in a position as regular full-time officer or a hazardous position.
2. The determination of a permanent incapacity shall be based on the medical evidence contained in the member's file and the member's residual functional capacity and physical exertion requirements.
- (b) The person's residual functional capacity shall be the person's capacity for work activity on a regular and continuing basis. The person's physical ability shall be assessed in light of the severity of the person's physical, mental, and other impairments. The person's ability to walk, stand, carry, push, pull, reach, handle, and other physical functions shall be considered with regard to physical impairments. The person's ability to understand, remember, and carry out instructions and respond appropriately to supervision, coworkers, and work pressures in a work setting shall be considered with regard to mental impairments. Other impairments, including skin impairments, epilepsy, visual sensory impairments, postural and manipulative limitations, and environmental restrictions, shall be considered in conjunction with the person's physical and mental impairments to determine residual functional capacity.
- (c) The person's physical exertion requirements shall be determined based on the following standards:
1. Sedentary work shall be work that involves lifting no more than ten (10) pounds at a time and occasionally lifting or carrying articles such as large files, ledgers, and small tools. Although a sedentary job primarily involves sitting, occasional walking and standing may also be required in the performance of duties.
2. Light work shall be work that involves lifting no more than twenty (20) pounds at a time with frequent lifting or carrying of objects weighing up to ten (10) pounds. A job shall be in this category if lifting is infrequently required but walking and standing are frequently required, or if the job primarily requires sitting with pushing and pulling of arm or leg controls. If the person has the ability to perform substantially all of these activities, the person shall be deemed capable of light work. A person deemed capable of light work shall be deemed capable of sedentary work unless the person has additional limitations such as the loss of fine dexterity or inability to sit for long periods.
3. Medium work shall be work that involves lifting no more than fifty (50) pounds at a time with frequent lifting or carrying of objects weighing up to twenty-five (25) pounds. If the person is deemed capable of medium work, the person shall be deemed capable of light and sedentary work.
4. Heavy work shall be work that involves lifting no more than one hundred (100) pounds at a time with frequent lifting or carrying of objects weighing up to fifty (50) pounds. If the person is deemed capable of heavy work, the person shall also be deemed capable of medium, light, and sedentary work.
5. Very heavy work shall be work that involves lifting objects weighing more than one hundred (100) pounds at a time with frequent lifting or carrying of objects weighing fifty (50) or more pounds. If the person is deemed capable of very heavy work, the person shall be deemed capable of heavy, medium, light, and sedentary work.
- (5) (a) The disability retirement allowance shall be determined as provided in KRS 16.576, except if the member's total service credit on his last day of paid employment in a regular full-time position is less than twenty (20) years, service shall be added beginning with his last date of paid employment and continuing to his fifty-fifth birthday. The maximum service credit added shall not exceed the total service the member had on his last day of paid employment, and the maximum service credit for calculating his retirement allowance, including his total service and service added under this section, shall not exceed twenty (20) years.
- (b) For a member whose participation begins on or after August 1, 2004, the disability retirement allowance shall be the higher of twenty-five percent (25%) of the member's monthly final rate of pay or the retirement allowance determined in the same manner as for retirement at his normal retirement date with years of service and final compensation being determined as of the date of his disability.
- (6) If the member receives a satisfactory determination of total and permanent disability or hazardous disability pursuant to KRS 61.665 and the disability is the direct result of an act in line of duty, the member's retirement allowance shall be calculated as follows:
- (a) For the disabled member, benefits as provided in subsection (5) of this section except that the monthly retirement allowance payable shall not be less than twenty-five percent (25%) of the member's monthly final rate of pay; and
- (b) For each dependent child of the member on his disability retirement date, who is alive at the time any particular payment is due, a monthly payment equal to ten percent (10%) of the disabled member's monthly final rate of pay;

however, total maximum dependent children's benefit shall not exceed forty percent (40%) of the member's monthly final rate of pay. The payments shall be payable to each dependent child, or to a legally appointed guardian or as directed by the system.

- (7) No benefit provided in this section shall be reduced as a result of any change in the extent of disability of any retired member who is age fifty-five (55) or older.
- (8) If a regular full-time officer or hazardous position member has been approved for benefits under a hazardous disability, the board shall, upon request of the member, permit the member to receive the hazardous disability allowance while accruing benefits in a nonhazardous position, subject to proper medical review of the nonhazardous position's job description by the system's medical examiner.
- (9) For a member of the State Police Retirement System, in lieu of the allowance provided in subsection (5) or (6) of this section, the member may be retained on the regular payroll and receive the compensation authorized by KRS 16.165, if he is qualified.

These contributions shall not be included as gross income of the employee until such time as the contributions are distributed or made available to the employee. The picked-up employee contribution shall satisfy all obligations to the retirement system satisfied prior to August 1, 1982, by the employee contribution, and the picked-up employee contribution shall be in lieu of an employee contribution. Each employer shall pay these picked-up employee contributions from the same source of funds which is used to pay earnings to the employee. The employee shall have no option to receive the contributed amounts directly instead of having them paid by the employer to the system. Employee contributions picked up after August 1, 1982, shall be treated for all purposes of KRS 61.515 to 61.705 in the same manner and to the same extent as employee contributions made prior to August 1, 1982.

The employer and employee contributions shall be paid by the employer and forwarded to the retirement system for the period not previously reported.
- (2) Each employer may request of the board hazardous duty coverage for those positions as defined in subsection (1) of this section, but a county, narrowly defined as one (1) of Kentucky's one hundred and twenty (120) counties, the provisions of KRS 78.510(3) notwithstanding, shall request hazardous duty coverage for its full-time paid firefighters. Upon request, each employer shall certify to the system, in the manner prescribed by the board, the names of all employees working in a hazardous position as defined in subsection (1) of this section for which coverage is requested. The certification of the employer shall bear the approval of the agent or agency responsible for the budget of the department or county indicating that the required employer contributions have been provided for in the budget of the employing department or county. The system shall determine whether the employees whose names have been certified by the employer are working in positions meeting the definition of a hazardous position as provided by subsection (1) of this section.
 - (3) (a) 1. An employee who begins participating in the Kentucky Employees Retirement System before July 1, 2008, who is determined by the system to be working in a hazardous position in accordance with subsection (2) of this section shall contribute, for each pay period for which he receives compensation, eight percent (8%) of his creditable compensation. The rate shall be determined by actuarial methods consistent with the provisions of KRS 61.565;
- (c) If the employer participated in the system prior to electing hazardous duty coverage, the employer may pay to the system the cost of converting the nonhazardous service to hazardous service from the date of participation to the date the payment is made, or the employer may establish a payment schedule for payment of the cost of the hazardous service above that which would be funded within the existing employer contribution rate. The employer may extend the payment schedule to a maximum of thirty (30) years. Payments made by the employer under this subsection shall be deposited to the retirement allowance account of the proper retirement system and these funds shall not be considered accumulated contributions of the individual members. If the employer elects not to make the additional payment, the employee may make the lump-sum payment in his own behalf or may pay by increments. Payments made by the employee under this subsection shall not be picked up, as described in KRS 61.560(4), by the employer. If neither the employer nor employee makes the payment, the service prior to hazardous coverage shall remain nonhazardous.
- (4) The normal retirement age, retirement allowance, other benefits, eligibility requirements, rights, and responsibilities of a member in a hazardous position, as prescribed by subsections (1), (2), and (3) of this section, and the responsibilities, rights, and requirements of his employer shall be as prescribed for a member and employer participating in the State Police Retirement System as provided for by KRS 16.510 to 16.652.
- (5) Any person employed in a hazardous position after July 1, 1972, shall be required to undergo a thorough medical examination by a licensed physician, and a copy of the medical report of the physician shall be retained on file by the employee's department or county and made available to the system upon request.

For purposes of this paragraph, a member's total service credit shall mean:
 - 1. All service creditable for retirement as of December 31, 2008; and
 - 2. Service being purchased under an installment payment program established pursuant to KRS 61.552(16) and (28) for installment purchase of service agreements executed by the employee on or before December 31, 2008. The provisions of this subparagraph shall not apply to service being purchased under the provisions of KRS 61.552(25) unless the employee has attained two hundred forty (240) months of service as of December 31, 2008, not including the service being purchased under KRS 61.552(25);

(d)(d) The annual normal retirement allowance for members of the General Assembly who will have fewer than eight (8) years of service as of December 31, 1975, shall be as prescribed in Chapter 116, section 36(1), Acts of the 1972 General Assembly for legislative service prior to January 1, 1974;

(g)(e) Former members of the General Assembly who have eight (8) or more years of legislative service prior to the 1976 Regular Session are eligible for an increased retirement allowance of two hundred forty dollars (\$240) times the years of legislative service, if the member pays to the Kentucky Employees Retirement System thirty-five percent (35%) of the actuarial cost of the higher benefit, as determined by the system, except that a former member with sixteen (16) or more years of legislative service, or his beneficiary, who is receiving a retirement allowance, also is eligible under this section and may apply for a recomputation of his retirement allowance. The employer's share of sixty-five percent (65%) of the computed actuarial cost shall be paid from the State Treasury to the Kentucky Employees Retirement System upon presentation of a properly documented claim to the Finance and Administration Cabinet. If any member with sixteen (16) or more years of legislative service previously applied for and is receiving a retirement allowance, he may reapply and his retirement allowance shall be recomputed in accordance with this paragraph, and he shall thereafter be paid in accordance with the option selected by him at the time of the reapplication;

(b) A member of the Kentucky Employees Retirement System or the County Employees Retirement System who begins participating before July 1, 2008, who has twenty-seven (27) or more years of service credit, at least fifteen (15) of which are current service, may retire with no reduction in the retirement allowance. A member who begins participating before July 1, 2008, who has earned vested service credit in a retirement system, other than the Teachers' Retirement System, sponsored by a Kentucky institution of higher education, the Council on Postsecondary Education, or the Higher Education Assistance Authority, may count the vested service toward attaining the necessary years of service credit as provided in KRS 61.559(2)(c) and (d) to qualify for a retirement allowance. The credit from a Kentucky institution of higher education, the Council on Postsecondary Education, or the Higher Education Assistance Authority shall not be used toward the minimum fifteen (15) years of current service required by KRS 61.559(2)(c) and (d) or to calculate his retirement allowance pursuant to this section. The provisions of this paragraph shall not be construed to limit the use of Teachers' Retirement System credit pursuant to KRS 61.680(2)(a).

(c) A member of the Kentucky Employees Retirement System or the County Employees Retirement System who begins participating on or after July 1, 2008, who is at least fifty-five (55) years of age and has at least thirty-two (32) years of service credited under KRS 16.543(1), 61.543(1), or 78.615(1) may retire with no reduction in the retirement allowance.

Based upon this calculation, the State Treasurer shall be requested to issue the initial retirement payment.

(4) A new calculation shall be made when the official report has been received of the member's creditable compensation during his last month's employment. However, the retirement allowance determined in accordance with subsection (3) of this section shall be the official retirement allowance unless the new calculation derives an amount which is two dollars (\$2) greater or less than the amount of the initial retirement payment. If the member or beneficiary chose an actuarial equivalent refund payment option, the amount of estimated retirement allowance shall be the official retirement allowance

unless the new calculation produces an amount which is one hundred dollars (\$100) greater or less than the amount of the initial retirement payment.

Section 14. KRS 61.600 is amended to read as follows:

- (1) Any person may qualify to retire on disability, subject to the following conditions:
 - (a)
 1. For persons who were members who began participating before July 1, 2008, the person shall have sixty (60) months of service, twelve (12) of which shall be current service credited under KRS 16.543(1), 61.543(1), or 78.615(1).
 2. For persons who were members who began participating on or after July 1, 2008, the person shall have one hundred twenty (120) months of service credited under KRS 16.543(1), 61.543(1), or 78.615(1);
 - (b) For a person whose membership date is prior to August 1, 2004, the person shall not be eligible for an unreduced retirement allowance;
 - (c) The person's application shall be on file in the retirement office no later than twenty-four (24) months after the person's last day of paid employment, as defined in KRS 61.510, in a regular full-time position, as defined in KRS 61.510 or 78.510; and
 - (d) The person shall receive a satisfactory determination pursuant to KRS 61.665.
- (2) A person's disability reapplication based on the same claim of incapacity shall be accepted and reconsidered for disability if accompanied by new objective medical evidence. The reapplication shall be on file in the retirement office no later than twenty-four (24) months after the person's last day of paid employment in a regular full-time position.
- (3) Upon the examination of the objective medical evidence by licensed physicians pursuant to KRS 61.665, it shall be determined that:
 - (a) The person, since his last day of paid employment, has been mentally or physically incapacitated to perform the job, or jobs of like duties, from which he received his last paid employment. In determining whether the person may return to a job of like duties, any reasonable accommodation by the employer as provided in 42 U.S.C. sec. 12111(9) and 29 C.F.R. Part 1630 shall be considered;
 - (b) The incapacity is a result of bodily injury, mental illness, or disease. For purposes of this section, "injury" means any physical harm or damage to the human organism other than disease or mental illness;
 - (c) The incapacity is deemed to be permanent; and
 - (d) The incapacity does not result directly or indirectly from bodily injury, mental illness, disease, or condition which pre-existed membership in the system or reemployment, whichever is most recent. For purposes of this subsection, reemployment shall not mean a change of employment between employers participating in the retirement systems administered by the Kentucky Retirement Systems with no loss of service credit.
- (4) Paragraph (d) of subsection (3) of this section shall not apply if:
 - (a) The incapacity is a result of bodily injury, mental illness, disease, or condition which has been substantially aggravated by an injury or accident arising out of or in the course of employment; or
 - (b) The person has at least sixteen (16) years' current or prior service for employment with employers participating in the retirement systems administered by the Kentucky Retirement Systems.
- (5)
 - (a)
 1. An incapacity shall be deemed to be permanent if it is expected to result in death or can be expected to last for a continuous period of not less than twelve (12) months from the person's last day of paid employment in a regular full-time position.
 2. The determination of a permanent incapacity shall be based on the medical evidence contained in the member's file and the member's residual functional capacity and physical exertion requirements.
 - (b) The person's residual functional capacity shall be the person's capacity for work activity on a regular and continuing basis. The person's physical ability shall be assessed in light of the severity of the person's physical, mental, and other impairments. The person's ability to walk, stand, carry, push, pull, reach, handle, and other physical functions shall be considered with regard to physical impairments. The person's ability to understand, remember, and carry out instructions and respond appropriately to supervision, coworkers, and work pressures in a work setting shall be considered with regard to mental impairments. Other impairments, including skin impairments, epilepsy, visual sensory impairments, postural and manipulative limitations, and environmental restrictions, shall be considered in conjunction with the person's physical and mental impairments to determine residual functional capacity.
 - (c) The person's physical exertion requirements shall be determined based on the following standards:
 1. Sedentary work shall be work that involves lifting no more than ten (10) pounds at a time and occasionally lifting or carrying articles such as large files, ledgers, and small tools. Although a sedentary job primarily involves sitting, occasional walking and standing may also be required in the performance of duties.
 2. Light work shall be work that involves lifting no more than twenty (20) pounds at a time with frequent lifting or carrying of objects weighing up to ten (10) pounds. A job shall be in this category if lifting is

infrequently required but walking and standing are frequently required, or if the job primarily requires sitting with pushing and pulling of arm or leg controls. If the person has the ability to perform substantially all of these activities, the person shall be deemed capable of light work. A person deemed capable of light work shall be deemed capable of sedentary work unless the person has additional limitations such as the loss of fine dexterity or inability to sit for long periods.

3. Medium work shall be work that involves lifting no more than fifty (50) pounds at a time with frequent lifting or carrying of objects weighing up to twenty-five (25) pounds. If the person is deemed capable of medium work, the person shall be deemed capable of light and sedentary work.
4. Heavy work shall be work that involves lifting no more than one hundred (100) pounds at a time with frequent lifting or carrying of objects weighing up to fifty (50) pounds. If the person is deemed capable of heavy work, the person shall also be deemed capable of medium, light, and sedentary work.
5. Very heavy work shall be work that involves lifting objects weighing more than one hundred (100) pounds at a time with frequent lifting or carrying of objects weighing fifty (50) or more pounds. If the person is deemed capable of very heavy work, the person shall be deemed capable of heavy, medium, light, and sedentary work.

- (b) If an employee who begins participating on or after July 1, 2008, is in active employment of a participating agency or on official leave from the agency if the leave has been granted in accordance with the policy of the state Personnel Cabinet, has ten (10) or more years of service credited under KRS 16.543(1), 61.543(1), or 78.615(1), dies at any time before the first retirement allowance payment has been issued by the State Treasurer, and has on file at the retirement office at the time of his death a written designation of a beneficiary, the beneficiary may elect to receive an annual benefit payable monthly commencing in the month following the member's death which shall be equivalent to the benefit the member would have been entitled to receive, based on his age, years of service, and final compensation at the date of his death, had the member been eligible for retirement and had he chosen benefits payable under KRS 61.635(2); or the beneficiary may elect the actuarial equivalent payable for sixty (60) months certain; or the beneficiary may elect the actuarial equivalent payable for one hundred twenty (120) months certain; or the beneficiary may elect the actuarial equivalent refund.
- (2) If a member not in the active employment of a participating agency, nor on official leave from the agency, with the service and age prescribed in KRS 61.559(2), dies before the first retirement allowance payment has been issued by the State Treasurer and has on file in the retirement office at the time of his death a written designation of a beneficiary, the beneficiary may elect to receive an annual benefit payable monthly commencing in the month following the member's death which shall be equivalent to the benefit the member would have been entitled to receive, based on his age, years of service, and final compensation at date of his death, had he chosen benefits payable under KRS 61.635(2); or the beneficiary may elect the actuarial equivalent payable for sixty (60) months certain; or the beneficiary may elect the actuarial equivalent payable for one hundred twenty (120) months certain; or the beneficiary may elect the actuarial equivalent refund.
- (3) (a) If a member who begins participating before July 1, 2008, is not in the active employment of a participating agency nor on official leave from the agency, has[with] twelve (12) or more years of service credit at least one (1) of which is current service, dies at any time before the first retirement allowance payment has been issued by the State Treasurer, and has on file in the retirement office at the time of his death a written designation of a beneficiary, the beneficiary may elect to receive an annual benefit payable monthly commencing in the month following the member's death which shall be equivalent to the benefit the member would have been entitled to receive, based on his age, years of service, and final compensation at date of his death, had the member been eligible for retirement and had he chosen benefits payable under KRS 61.635(2); or the beneficiary may elect the actuarial equivalent payable for sixty (60) months certain; or the beneficiary may elect the actuarial equivalent

payable for one hundred twenty (120) months certain; or the beneficiary may elect the actuarial equivalent refund.

(b) If a member who begins participating on or after July 1, 2008, is not in the active employment of a participating agency nor on official leave from the agency, has fifteen (15) or more years of service credited under KRS 16.543(1), 61.543(1), or 78.615(1), dies at any time before the first retirement allowance payment has been issued by the State Treasurer, and has on file in the retirement office at the time of his death a written designation of a beneficiary, the beneficiary may elect to receive an annual benefit payable monthly commencing in the month following the member's death which shall be equivalent to the benefit the member would have been entitled to receive, based on his age, years of service, and final compensation at the date of his death, had the member been eligible for retirement and had he chosen benefits payable under KRS 61.635(2); or the beneficiary may elect the actuarial equivalent payable for sixty (60) months certain; or the beneficiary may elect the actuarial equivalent payable for one hundred twenty (120) months certain; or the beneficiary may elect the actuarial equivalent refund.

- (4) An alternative calculation of benefits payable to the beneficiary under subsection (1), (2), or (3) of this section shall be determined by computing an annual benefit payable commencing in the month following the member's death which shall be equivalent to the benefit the member would have been entitled to receive based on his years of service and final compensation at the date of his death reduced by the survivorship fifty percent (50%) factor as provided for in KRS 61.635(4) then reduced by fifty percent (50%), and the actuarial equivalent payable for sixty (60) months certain and one hundred twenty (120) months certain and the actuarial equivalent refund shall be determined.
- (5) If the member, subject to subsection (1), (2), (3), or (4) of this section had on file in the retirement office a written designation of multiple beneficiaries, his estate, trust, or trustee, the multiple beneficiaries by consensus, the administrator, or executor of the estate, or trustee may elect to receive the actuarial equivalent to the benefit allowable under subsections (1), (2), (3), or (4) of this section given the assumptions that the beneficiary's age is the same as the member's, and that the member had chosen benefits payable monthly for sixty (60) months certain, or one hundred and twenty (120) months certain, or an actuarial equivalent refund.
- (6) Actuarial equivalent refund. The beneficiary may elect to receive a one (1) time lump-sum payment which shall be the actuarial equivalent to the amount payable under KRS 61.635(2) for a period of sixty (60) months. In the case of designation of multiple beneficiaries, an estate, trust, or trustee, the multiple beneficiaries by consensus, trustee, executor, or administrator of the estate may elect to receive a one (1) time lump-sum payment which shall be the actuarial equivalent of the amount payable under KRS 61.635(2), assuming the beneficiary's age to be the same as the member's for a period of sixty (60) months.
- (7) In the case of a single beneficiary, who is a person, the highest monthly benefit determined under subsection (1), (2), (3), (4), or (6) of this section for a life annuity or for payments for sixty (60) months certain or for payments for one hundred twenty (120) months certain or for the actuarial equivalent refund or for the Social Security adjustment option shall be tendered to the beneficiary. In the case of designation of multiple beneficiaries, an estate, trust, or trustee, the highest monthly benefit determined under subsection (1), (2), (3), (4), (5), or (6) of this section for payments for sixty (60) months certain or one hundred and twenty (120) months certain or the actuarial equivalent refund shall be tendered to the multiple beneficiaries, trustee, administrator, or executor of the estate.
- (8) Payments of taxable distributions made pursuant to this section shall be subject to state and federal income tax as appropriate.

Section 16. KRS 61.680 is amended to read as follows:

- (1) Prior to August 1, 1982, every employee shall be deemed to consent and agree to any deduction from his compensation required by KRS 6.500 to 6.535, 16.510 to 16.652, 61.510 to 61.692, 78.510 to 78.852, and to all other provisions thereof. Thereafter, employee contributions shall be picked up by the employer pursuant to KRS 61.560(4).
- (2) (a) Notwithstanding any other provisions of KRS 6.500 to 6.535, 16.510 to 16.652, 61.510 to 61.692, 78.510 to 78.852 and 161.220 to 161.714, upon death, disability, or service retirement, a member's accounts under the Legislators' Retirement Plan, State Police Retirement System, Kentucky Employees Retirement System, County Employees Retirement System, and Teachers' Retirement System, except for service prohibited by KRS 161.623(2), shall be consolidated for the purpose of determining eligibility and amount of benefits. Vested service credit in a retirement system, other than the Teachers' Retirement System, sponsored by a Kentucky institution of higher education and accepted by the Kentucky Employees Retirement System or the County Employees Retirement System, may be used to determine eligibility for twenty-seven (27) year retirement for an employee who begins participating before July 1, 2008, but not the amount of benefits. The computation of benefits shall be based on the applicable formula in each system and service credit in each system, but the final compensation, excluding compensation earned under KRS 161.155(10), shall be determined as if all service were in one (1) system. If the member has prior service in more than one (1) system, he shall obtain at least twelve (12) months' current service in each system in which he has prior service in order to validate the prior service in each system for purposes of determining consolidated benefits under this section. Upon the determination of benefits, each system shall pay the applicable percentage of total benefits.
- (b) The provisions of paragraph (a) of this subsection shall be waived if the member notifies the system of his desire to

maintain separate retirement accounts in the State Police Retirement System, Kentucky Employees Retirement System, or County Employees Retirement System.

- (c) If the member has not contributed at least one (1) year in a system in which he has prior service, his current service in the system shall be valid for purposes of determining eligibility and in computation of benefits on a consolidated basis.
- (3) A member with service credit in the Kentucky Employees Retirement System, State Police Retirement System, or the County Employees Retirement System who becomes the holder of an office entitling him to membership in the Judicial Retirement Plan or the Legislators' Retirement Plan, but who does not elect within thirty (30) days after taking office in such service to participate in the plan, in accordance with KRS 6.505 or 21.360, shall be deemed to have elected to retain membership in the system in which he is a member, either the Kentucky Employees Retirement System, State Police Retirement System, or the County Employees Retirement System. In that event, the agency employing the member shall withhold employee contributions, or picked-up employee contributions after August 2, 1982, make employer contributions and remit these contributions to the system in which the member retained his membership. Any person entitled to membership in the Judicial Retirement Plan or the Legislators' Retirement Plan, who does not elect within thirty (30) days after taking office to participate in the plan, in accordance with KRS 6.505 or 21.360, and who at the time of taking office is not a contributing member of, or does not have service credit in, any of the retirement systems mentioned in this section, or the Teachers' Retirement System, shall participate in the Kentucky Employees Retirement System. A member of one (1) of the state-administered retirement plans who ceases to contribute to the plan as provided in KRS 21.360 and who is employed in a nonelected position by an agency participating in the Kentucky Retirement Systems shall be deemed to have elected membership in the system in which the employer of the nonelected position participates. A member of one (1) of the state-administered retirement plans who ceases to contribute to the plan as provided in KRS 21.360 and who is not employed in a nonelected position by an agency participating in the Kentucky Retirement Systems shall be deemed to have elected membership in the Kentucky Employees Retirement System.
- (4)
 - (a) Prior to July 1, 1976, a person entering the service of an employer participating in the Kentucky Employees Retirement System or the County Employees Retirement System with service credit in the Teachers' Retirement System and who desires to retain membership in the Teachers' Retirement System, and who is permitted by that system to continue, shall be exempt from participating in the Kentucky Employees Retirement System or the County Employees Retirement System.
 - (b) Any person who has elected to retain membership in the Teachers' Retirement System as provided in paragraph (a) of this subsection may cancel his election and participate in the system under which his position would normally participate, if he elects to cancel his option prior to January 1, 1977.
 - (c) Any member of the General Assembly who upon election is a contributing member of the Teachers' Retirement System and who does not elect within thirty (30) days after taking office to participate in the Legislators' Retirement Plan, in accordance with KRS 6.505, shall during his term of office participate in the Kentucky Employees Retirement System unless an election to retain membership in the Teachers' Retirement System is filed in writing within ninety (90) days after his term of office begins. No contributions may be made to the Teachers' Retirement System for the same period of service under the Legislators' Retirement Plan or the Kentucky Employees Retirement System as a member of the General Assembly, but contributions made to the Teachers' Retirement System while a member of the General Assembly shall be transferred to the Legislators' Retirement Plan, as provided for in KRS 6.535, when the member elects to join the Legislators' Retirement Plan, and service credit in the Legislators' Retirement Plan shall be granted as provided for in KRS 6.505(5).
- (5) Effective July 1, 1974, any member of the Kentucky Employees Retirement System or County Employees Retirement System who is working in a position covered by one (1) of these retirement systems and his employee contributions, service credit and employer contributions made on his behalf are being transferred to the other retirement system shall contribute to the system in which his employer participates, or after August 1, 1982, the employer shall pick up the employee contributions, and no further contributions or service credit shall be transferred to the system in which he elected to retain membership, as subsection (2) of this section eliminates the necessity of the transfers.
- (6) Any member of the Kentucky Employees Retirement System or County Employees Retirement System who is working in more than one (1) position covered by the same retirement system, shall have his wages and contributions consolidated and his retirement account administered as a single account. If part-time positions are involved, an accumulation of all hours worked within the same retirement system shall be used to determine eligibility under KRS 61.510(21).
- (7) Notwithstanding the provisions of subsection (2) of this section, a person who does not have the amount of service required for service retirement in the State Police Retirement System, Kentucky Employees Retirement System, County Employees Retirement System, Legislators' Retirement Plan, or Teachers' Retirement System, but who is a member of one (1) of the systems or is a former member of one (1) or more of the systems with valid service credit therein, shall become eligible for service retirement benefits attributable to the amount of his actual service credit in each system in which he has service credit when his combined service credit in all the systems, plus any service credit he has in the Judicial Retirement Plan, is equal to that required for service retirement in each respective system. The computation of benefits shall be based on the applicable formula in each system and service credit in each system, except that total service in all systems, unless prohibited by KRS 161.623(2), shall be used to determine the reduction for early retirement, if any. Except as provided in

KRS 21.360, the final compensation shall be determined by using the creditable compensation reported to the State Police Retirement System, Kentucky Employees Retirement System, County Employees Retirement System, Legislators' Retirement Plan, or Teachers' Retirement System and only as much of the compensation earned in the Judicial Retirement Plan as is needed to satisfy the final compensation requirement applicable in the respective retirement systems.

- (8) Each retirement system from which the member retires shall pay a retirement allowance upon receipt of required forms and documents, except that no retirement system shall pay a retirement allowance or annuity until all forms and documents are filed at all retirement systems in compliance with each system's requirements.

Section 17. KRS 61.691 is amended to read as follows:

- (1) Effective August 1, 1996, and on July 1 of each year thereafter, a recipient of a retirement allowance under KRS 16.510 to 16.652 and KRS 61.515 to 61.705 and KRS 78.520 to 78.852 shall have his retirement allowance increased by the percentage increase in the annual average of the consumer price index for all urban consumers for the most recent calendar year as published by the federal Bureau of Labor Statistics, not to exceed five percent (5%). In determining the annual employer contribution rate, only the cost of increases granted as of the most recent valuation date shall be recognized. The benefits of this subsection as provided on August 1, 1996 and thereafter shall not be considered as benefits protected by the inviolable contract provisions of KRS 61.692, 16.652, and 78.852. The General Assembly reserves the right to suspend or reduce the benefits conferred in this subsection if in their judgment the welfare of the Commonwealth so demands.
- (2) A reemployed retired member whose payments are suspended as provided under KRS 61.637 shall be eligible for an increase in his suspended retirement allowance as provided under this section, computed as if he were receiving the retirement allowance at the time the increase under this section is effective.
- (3) The benefits provided under subsection (1) of this section shall not apply to members who begin participating on or after July 1, 2008. The board is authorized to develop a program whereby retiring members may elect to receive a actuarially reduced retirement allowance that is increased annually after retirement by a fixed percentage.**

Section 18. KRS 61.702 is amended to read as follows:

- (1) (a) The board of trustees of Kentucky Retirement Systems shall arrange by appropriate contract or on a self-insured basis to provide a group hospital and medical insurance plan for present and future recipients of a retirement allowance from the Kentucky Employees Retirement System, County Employees Retirement System, and State Police Retirement System, except as provided in subsection (8) of this section. The board shall also arrange to provide health care coverage through an insurer licensed pursuant to Subtitle 38 of KRS Chapter 304 and offering a managed care plan as defined in KRS 304.17A-500, as an alternative to group hospital and medical insurance for any person eligible for hospital and medical benefits under this section. Any person who chooses coverage under a managed care plan shall pay, by payroll deduction from the retirement allowance or by another method, the difference in premium between the cost of the managed care plan coverage and the benefits to which he would be entitled under this section.
- (b) The board may authorize present and future recipients of a retirement allowance from any of the three (3) retirement systems to be included in the state employees' group for hospital and medical insurance and shall provide benefits for recipients equal to those provided to state employees having the same Medicare hospital and medical insurance eligibility status, except as provided in subsection (8) of this section. Notwithstanding the provisions of any other statute, recipients shall be included in the same class as current state employees in determining medical insurance policies and premiums.
- (c) For recipients of a retirement allowance who are not eligible for the same level of hospital and medical benefits as recipients living in Kentucky having the same Medicare hospital and medical insurance eligibility status, the board shall provide a medical insurance reimbursement plan as described in subsection (7) of this section.
- (2) Each employer participating in the State Police Retirement System as provided for in KRS 16.510 to 16.652, each employer participating in the County Employees Retirement System as provided in KRS 78.510 to 78.852, and each employer participating in the Kentucky Employees Retirement System as provided for in KRS 61.510 to 61.705 shall contribute to the Kentucky Retirement Systems insurance fund the amount necessary to provide hospital and medical insurance as provided for under this section. Such employer contribution rate shall be developed by appropriate actuarial method as a part of the determination of each respective employer contribution rate to each respective retirement system determined under KRS 61.565.
- (3) (a) The premium required to provide hospital and medical benefits under this section shall be paid:
1. Wholly or partly from funds contributed by the recipient of a retirement allowance, by payroll deduction, or otherwise;
 2. Wholly or partly from funds contributed by the Kentucky Retirement Systems insurance fund;
 3. Wholly or partly from funds contributed by another state-administered retirement system under a reciprocal arrangement, except that any portion of the premium paid from the Kentucky Retirement Systems insurance fund under a reciprocal agreement shall not exceed the amount that would be payable under this section if all the member's service were in one (1) of the systems administered by the Kentucky Retirement Systems;
 4. Partly from subparagraphs 1., 2., or 3., except that any premium for hospital and medical insurance over the

amount contributed by the Kentucky Retirement Systems insurance fund or another state-administered retirement system under a reciprocal agreement shall be paid by the recipient. If the board provides for cross-referencing of insurance premiums, the employer's contribution for the working member or spouse shall be applied toward the premium, and the Kentucky Retirement Systems insurance fund shall pay the balance, not to exceed the monthly contribution.

5. In full from the Kentucky Retirement Systems insurance fund for all recipients of a retirement allowance from any of the three (3) retirement systems where such recipient is a retired former member of one (1) or more of the three (3) retirement systems (not a beneficiary or dependent child receiving benefits) and had two hundred and forty (240) months or more of service upon retirement. Should such recipient have less than two hundred forty (240) months of service but have at least one hundred eighty (180) months of service, seventy-five percent (75%) of such premium shall be paid from the insurance fund provided such recipient agrees to pay the remaining twenty-five percent (25%) by payroll deduction from his retirement allowance or by another method. Should such recipient have less than one hundred eighty (180) months of service but have at least one hundred twenty (120) months of service, fifty percent (50%) of such premium shall be paid from the insurance fund provided such recipient agrees to pay the remaining fifty percent (50%) by payroll deduction from his retirement allowance or by another method. Should such recipient have less than one hundred twenty (120) months of service but have at least forty-eight (48) months of service, twenty-five percent (25%) of such premium shall be paid from the insurance fund provided such recipient agrees to pay the remaining seventy-five percent (75%) by payroll deduction from his retirement allowance or by another method. Notwithstanding the foregoing provisions of this subsection, an employee participating in one (1) of the retirement systems administered by the Kentucky Retirement Systems who becomes disabled in the line of duty as defined in KRS 16.505(19) or KRS 61.621, shall have his premium paid in full as if he had two hundred forty (240) months or more of service. Further, an employee participating in one (1) of the retirement systems administered by the Kentucky Retirement Systems who is killed in the line of duty as defined in KRS 16.505(19) or KRS 61.621, shall have the premium for the beneficiary, if the beneficiary is the member's spouse, and for each dependent child paid so long as they individually remain eligible for a monthly retirement benefit. "Months of service" as used in this section shall mean the total months of combined service used to determine benefits under any or all of the three (3) retirement systems, except service added to determine disability benefits shall not be counted as "months of service." For current and former employees of the Council on Postsecondary Education who were employed prior to January 1, 1993, and who earn at least fifteen (15) years of service credit in the Kentucky Employees Retirement System, "months of service" shall also include vested service in another retirement system other than the Kentucky Teachers' Retirement System sponsored by the Council on Postsecondary Education.

- (b) For a member electing insurance coverage through the Kentucky Retirement Systems, "months of service" shall include, in addition to service as described in paragraph (a) of this subsection, service credit in one of the other state-administered retirement plans.

1. Effective August 1, 1998, the Kentucky Retirement Systems shall compute the member's combined service, including service credit in another state-administered retirement plan, and calculate the portion of the member's premium to be paid by the insurance fund, according to the criteria established in paragraph (a) of this subsection. Each state-administered retirement plan annually shall pay to the insurance fund the percentage of the system's cost of the retiree's monthly contribution for single coverage for hospital and medical insurance which shall be equal to the percentage of the member's number of months of service in the other state-administered retirement plan divided by his total combined service. The amounts paid by the other state-administered retirement plans and the insurance fund shall not be more than one hundred percent (100%) of the monthly contribution adopted by the respective boards of trustees.
2. A member may not elect coverage for hospital and medical benefits under this subsection through more than one (1) of the state-administered retirement plans.
3. A state-administered retirement plan shall not pay any portion of a member's monthly contribution for medical insurance unless the member is a recipient or annuitant of the plan.

- (4) (a) Group rates under the hospital and medical insurance plan shall be made available to the spouse, each dependent child, and each disabled child, regardless of the disabled child's age, of a recipient who is a former member or the beneficiary, if the premium for the hospital and medical insurance for the spouse, each dependent child, and each disabled child, or beneficiary is paid by payroll deduction from the retirement allowance or by another method. A child shall be considered disabled if he has been determined to be eligible for federal Social Security disability benefits.

- (b) The other provisions of this section notwithstanding, the insurance fund shall pay a percentage of the monthly contribution for the spouse and for each dependent child of a recipient who was a member of the General Assembly and is receiving a retirement allowance based on General Assembly service, of the Kentucky Employees Retirement System and determined to be in a hazardous position, of the County Employees Retirement System, and

determined to be in a hazardous position or of the State Police Retirement System. For underground coal mines, two (2) of the six (6) general inspections conducted annually shall additionally include a full electrical inspection. The commissioner may cause inspections more often if practicable and if funds permit, and whenever any danger to the workmen may exist; making a personal examination of the interior of each mine with respect to ventilation, drainage, roof control, blasting, electricity, escapeways, and general security, and also a

personal examination of the outside facilities of the mine; and in gassy mines below the water table, inspections shall be more frequent, and as often as practical whenever any danger to workmen is indicated by a previous inspection. Such inspections shall involve at least two (2) inspectors. The inspectors shall locate themselves in different sections of the mine in order to determine the effectiveness and reliability of the ventilation system. Each section of the mine shall be so inspected;

- (7) It shall be permissible for a mine inspector to inspect any coal preparation plant or surface facility of any mining operation of coal including any overland coal belts; and

 - (b) A certification from the executive director of the Office of Workers' Claims that the licensee has provided positive proof of compliance with the provisions of KRS Chapter 342;
 - (c) A certification from the commissioner of the Department of Revenue that the licensee is not a "delinquent taxpayer" as defined in KRS Chapter 131;
 - (d) Mine seal construction plan;
 - (e) Roof control plan;
 - (f) The ventilation plan required in KRS 352.020; and
 - (g) ~~(e)~~ An approved emergency action plan required by KRS 352.640.

The application for a license shall contain an affidavit setting forth the approval of the cemetery's governing body. This subsection applies only to those cemeteries with governing bodies.

Section 11. KRS 351.194 is amended to read as follows:

- (1) The Mine Safety Review Commission shall promulgate administrative regulations in accordance with KRS Chapter 13A to establish administrative hearings procedures to be followed in determining if violations of mine safety laws, including, but not limited to, violations that meet the criteria established in KRS 351.025(1) or (2), have occurred and to establish a process to review recommended orders from any hearing officers acting on behalf of the commission. The procedures shall follow the requirements of KRS Chapter 13B and this chapter.
- (2) The chair or a majority of the Mine Safety Review Commission may convene a meeting of the commission at which it shall

consider whether to schedule a hearing regarding any licensee, coal operation, or other person involved in the mining of coal.

- (3) If the commission determines that there is probable cause to believe that the licensee, coal operation, or other person against whom the department has made allegations of unsafe work practices or other violation of applicable law is guilty of an alleged violation, the commission shall schedule a hearing at which the department shall offer evidence in support of the allegations made by it. The licensee, coal operation, or other person against whom the allegations are made shall be given not less than twenty (20) days' written notice of the charges against him, together with the date, time, and place at which the charges shall be heard, and of his opportunity to be represented by counsel, produce evidence and witnesses on his behalf, and examine the evidence and documents that may be produced against him. The commission may also be represented by counsel and shall not be bound by the technical rules of evidence, but its order shall be based upon competent evidence. Any licensee or other person summoned to appear at a hearing in the manner established in this subsection may, in writing, waive the notice required to be given to him.
- (4) The commission may proceed with its hearing of charges made by the department against any licensee, coal operation, or other person who, after being duly notified in accordance with the requirements of this section, fails to appear at or participate in the hearing and who fails to assert any legitimate basis for the failure.
- (5) Within ninety (90) days after hearing, the commission shall issue an order in which it sets out its determinations concerning each matter coming before it. Copies of the order shall be provided to all parties to the hearing. The department shall carry out or enforce, as appropriate, the order of the commission, which may include, though not be limited to, the imposition of civil penalties, revocation, suspension, or probation of the mine license or the miner's certification.
- (6) The commission may modify a civil penalty or fine established under this chapter, under criteria established by the commission by administrative regulations.
- (7) In assessing monetary penalties within the limits provided in KRS 351.025, the commission shall consider the operator's history of previous violations, the appropriateness of the penalty to the size of the operator charged, whether the operator was negligent, the effect on the operator's ability to continue in business, the gravity of the violation, the demonstrated good faith of the person charged in attempting to achieve rapid compliance after notification of a violation, and whether a penalty has been imposed by the Federal Mine Safety and Health Act for a violation that arose out of the same set of facts or circumstances.
- (8) An appeal of an order of the commission shall be filed in the Franklin Circuit Court within thirty (30) days of entry of the order.

Section 12. KRS 352.020 is amended to read as follows:

- (1) A mine ventilation plan and any revision of an existing mine ventilation plan shall be suitable to the ventilation conditions and mining system of each mine. The mine ventilation plan and any revisions to the mine ventilation plan approved by the United States Mine Safety and Health Administration shall be submitted to the executive director or his or her authorized representative and incorporated into the license. All mine ventilation plans shall be set forth in printed form. The mine ventilation plan shall require the air quality throughout the mine to contain at least nineteen and one-half percent (19.5%) oxygen and not more than one-half of one percent (0.5%) of carbon dioxide, and the volume and velocity of the air current shall be sufficient to dilute, render harmless, and carry away flammable, explosive, noxious, and harmful gases and dust, smoke, and fumes. A copy of the mine ventilation plan and any revisions to that plan shall be available to the miners and their representatives.
- (2) The ventilation of all underground coal mines shall be produced by means of mechanically operated fans located outside the mine in fireproof housing and offset at least fifteen (15) feet to one (1) side or above the opening, protected by explosion doors or weak walls and arranged so that ventilating current may be reversed if necessary. The fan shall be installed so as to prevent recirculation of mine air. The main fan shall be operated from a power circuit independent from the mine circuit. If inside auxiliary fans are required to ventilate working places the commissioner must first approve the installation.
- (3) The licensee, superintendent, or foreman of every coal mine worked by shaft, slope, or drift shall provide and maintain for every mine two (2) separate and distinct escapeways, one (1) of which is vented by the intake air. However, if a mine was originally licensed prior to January 1, 1990, the commissioner may approve an alternate ventilation plan. Each active working section shall be ventilated by a separate split of intake air. In all mines the quantity of air passing through the last open crosscut between the intake and return in any pair or sets of entries shall be not less than nine thousand (9,000) cubic feet of air per minute and as much more as is necessary to dilute and render harmless and carry away flammable and harmful gases. All working faces from which coal is being cut, mined, or loaded in a working section between the intake and return airway entries shall be ventilated with a minimum quantity of three thousand (3,000) cubic feet of air per minute and as much more as is necessary to dilute and render harmless and carry away flammable and harmful gases. The quantity of air reaching the last crosscut in pillar sections may be less than nine thousand (9,000) cubic feet of air per minute if at least nine thousand (9,000) cubic feet of air per minute is being delivered to the intake of the pillar line. The air current shall under any conditions have a sufficient volume and velocity to reduce and carry away smoke from blasting and any flammable or harmful gases.
- (4) All mines shall maintain at least nine thousand (9,000) cubic feet of air per minute at the points mentioned in subsection

- (3) of this section. The commissioner shall have the authority to require additional air in any mine when he deems it necessary for the safety of the employees.
- (5) When the air from a split has passed through and has ventilated all the working places in an air split of a mine it shall then be designated as return air. Return-air courses shall not be designated as primary escapeways.
- (6) As working places advance, breakthroughs for air shall be made not more than ninety (90) feet apart, except that where longwall or modern systems of mining are used the commissioner or his authorized representative may approve a greater distance between breakthroughs or the method of ventilating such longwall or modern systems of mining. If any breakthroughs between intake and return airways are not required for the passage of air or the travel of equipment, they shall be closed with stoppings. All permanent stoppings shall be substantially built with suitable incombustible or fire resistant material subject to the approval of the mine inspector so as to keep the working places well ventilated. All brattice cloth and ventilation tubing shall be flame resistant. Doors on the main haulways shall be avoided where practicable, and overcasts, built of concrete or other suitable material and of ample strength, shall be adopted. Where doors are used they shall be built in a substantial manner, and shall be hung so as to close automatically when unobstructed.
- (7) In a mine where methane can be found to an extent of one percent (1%) or more on the return of any one (1) split, the inspector, with the approval of the commissioner may require the mine to be ventilated by the exhaust system, requiring the haulage roads and all feed wires to be located on the intake air and the electrical system to be so arranged that no wires carrying electrical current shall be on return air. A period of not more than ninety (90) days from date of notification shall be allowed to make the changes required.
- (8) The ventilation plan shall require all fans utilized in the ventilation plan to be in operation unless the fan must be turned off for repairs or maintenance, during which time all persons must be withdrawn from the mine. After the mine fan is restarted following the completion of repairs or maintenance, it must be in operation for a sufficient period to ensure air quality and the equalization of the mine atmosphere~~for a sufficient period to ensure air quality and equalization of the mine atmosphere prior to the entry of workers into underground areas~~.

Section 13. KRS 352.090 is amended to read as follows:

- (1) All unused workings and abandoned parts of mines shall be protected by safeguards that will prevent the accumulation or overflow of gas, and all avenues leading thereto shall be so arranged and conducted as to give warning to all persons of the danger of entering, and notice shall be posted warning all unauthorized persons not to enter these parts of the mine. If the area cannot be adequately ventilated, and examined, or evaluated it shall be sealed in a timely manner.
- (2) No person, except persons authorized to make examination thereof, shall enter any unused or abandoned part of a mine after the warning has been posted.
- (3) Where the practice is to seal abandoned workings, the sealing shall be done in accordance with a mine seal construction plan submitted to the Office of Mine Safety and Licensing. Seal construction shall be done immediately in an effective manner with noncombustible material. In every sealed area, one (1) or more of the seals shall be fitted with a pipe and cap or valve to permit the gases behind the seals to be sampled and also to provide a means of determining any existing hydrostatic pressure. When required by the mine inspector and commissioner, drill holes shall be extended from the surface to the sealed area, or vent pipes shall be extended from the sealed area to a return air course. Sufficient ventilation shall be provided at each seal to prevent dangerous gases from accumulating.

Section 14. KRS 352.133 is amended to read as follows:

- (1) All underground miners shall be provided with an approved self-contained self-rescuer device and shall have that device within twenty-five (25) feet of them at all times. The self-contained self-rescuer shall be provided to the miners by the licensee at no cost to the miners.
- (2) In addition to the requirements for self-contained self-rescuers set forth in this section, all licensed premises shall maintain caches of self-contained self-rescuer devices which shall be stored in locations readily accessible to the primary and secondary escapeways or provide proof of an order for self-contained self-rescuers through the submission of a valid purchase order that clearly names the vendor, contact information for the vendor, the number of devices purchased, and the date of the order, which shall not be later than thirty (30) days after July 12, 2006. In all cases, the self-contained self-rescuers shall be in place by July 1, 2007, or shall be extended by the commissioner upon substantiated proof of unavailability.
- (a) The caches shall be maintained in sufficient numbers and locations determined in accordance with the most recent rules, standards, and regulations issued by the United States Mine Safety and Health Administration and this section.
- (b) The caches shall be maintained in storage units capable of protecting the self-contained self-rescuers from water, dust, and any other condition which will cause deterioration of the self-contained self-rescuers.
- (c) The storage unit locations shall have reflective signs that read "SELF-RESCUERS" conspicuously posted as to be visible from the primary and secondary escapeways. ~~Intrinsically safe strobe light devices also shall be attached to the storage unit. The strobe light devices may operate continuously or shall be capable of activation in the event of a mine emergency.~~
- (d) In addition to the requirements set forth in this section for self-contained self-rescuers, the mine operator shall

provide for each person who is underground at least one (1) additional self-contained self-rescuer device which provides protection for a period of one (1) hour or longer, to cover all persons in the mine.

- (e) If a mantrip or mobile equipment is used to enter or exit the mine, additional self-contained self-rescuer devices, each of which provides protection for a period of one (1) hour or longer, shall be available for all persons who use the transportation from portal to portal.
- (3) It shall be a Class D felony for any person to remove a self-rescuer from the cache for purposes other than use during an emergency, or for repair, maintenance, or replacement or as authorized by the licensee.

Section 15. KRS 352.135 is amended to read as follows:

In all designated escapeways, each operator shall provide lifeline cords, with attached reflective material at not to exceed twenty-five (25) foot intervals and devices indicating the direction to the surface at not to exceed one hundred (100) foot intervals, from outby the loading point; provided, that in case of a shaft mine, such lifeline cords shall extend from outby to the loading point to the bottom of the designated escape shaft. Such lifeline cord shall be of flame resistant material~~[durable construction]~~ sufficient to allow miners to see and to use effectively to guide themselves out of the mine in the event of an emergency. All lifeline cords shall be made of flame resistant material within one hundred eighty (180) days of the effective date of this section.

Section 16. KRS 352.145 is amended to read as follows:

- (1) No employee of a surface coal mining operation shall be assigned, allowed, or required to perform work alone in any area where hazardous conditions exist that would endanger his safety unless he can communicate with others, can be heard, or can be seen.
- (2) At stockpiles with underground feeders or draw-off tunnels, the licensee shall install and maintain a visible warning device that shall be activated when the feeders are in operation.
- (3) The operator's cab of all equipment being operated on or in the immediate area of a stockpile with underground feeders or draw-off tunnels shall be enclosed by a compartment and shall be furnished with a self-contained self-rescuer that is capable of providing oxygen for a period of not less than one (1) hour.

A certified foreman shall check the areas where men are required to work or travel during the shift. Roadways, pit areas, highwalls, and dumping points shall be checked. If any hazardous conditions are found, they shall be corrected prior to men working in the area. A suitable record book shall be kept in the control of the mine foreman. Immediately after the examination of the mine or portion thereof, the mine foreman shall enter and sign a record of the examination in the book with ink. The record shall clearly show any danger discovered at the mine, and the action taken to correct the dangerous conditions. The record book shall, at all times during the working hours, be accessible to the mine inspector or analyst and the miner or his representative.
- (6) All equipment operators shall conduct a preoperational check of their equipment. All preoperational checks shall be recorded by the equipment operator and kept with the equipment and, if a hazard is found to exist on any piece of equipment that would render it unsafe to operate, the hazardous condition shall be reported to the mine foreman or mine superintendent. All appropriate repairs shall be made before the equipment is put back into operation, except for moving the equipment to a safe place for repairs. The record book of all hazardous conditions and repairs made shall be kept in the control of the mine foreman or mine superintendent at all times.

leakage or rupture occurs, and shall be of fireproof construction. Underground transformers purchased after June 16, 1972, shall be air cooled or cooled with nonflammable liquid or inert gas. Portable power centers, portable transformers, and distribution centers which are essentially fireproof are not required to be placed on separate splits of air but shall be stationed in well ventilated places outby the last open crosscuts;

- (l) Electrically powered locomotives shall be provided with suitable electrical protective devices;
 - (m) Suitable firefighting equipment shall be located at strategic points along the belt conveyor, and proper fire extinguishers shall be provided at the transfer points. The commissioner may prescribe any other safety measures for the prevention and combating of mine fires as they pertain to conveyor belts. Only approved flame resistant belting shall be taken into and used inside any mine, and all underground belt conveyors shall be provided with slippage and sequence switches and with start and stop controls at intervals not to exceed one thousand (1000) feet. The controls shall be properly installed and positioned so as to be readily accessible;

 - (r) Power circuits in tipples, buildings, cleaning plants, etc., and all underground electrical circuits shall be deenergized when not in use over a long period;
 - (s) All underground power circuits and electrical equipment shall be de-energized before work is done on the circuits and equipment except when necessary for troubleshooting or testing. When electrical work or major mechanical work is performed, a suitable disconnect providing visible evidence that the power is disconnected shall be locked open and a tag shall be posted by the individuals performing the work. Locks and tags shall be removed only by the persons who installed them, or if those persons are unavailable, by a person authorized by the operator. Repairs or maintenance shall not be performed on machinery until the power is off and the machinery is blocked against motion, except where machinery motion is necessary to make adjustment;
 - (t) Where electric circuits cross over or pass under belt conveyors the wiring shall be suitably protected; and
 - (u) Switch boxes, contactors, controllers, and all other similar devices shall be kept free of significant accumulations of combustible dust.
- (2) The following shall apply to trolley wires and trolley feeder wires:
- (a) On all haulage roads, landings, and partings where persons are required to regularly work or pass under bare power wires placed less than six and one-half (6-1/2) feet above the top of the rail, suitable protection shall be provided. This protection shall consist of channeling the roof, placing boards along the wires and extending below them, or the use of some other approved device that affords protection;
 - (b) All machine feed conductors shall be placed on suitable insulators which shall be so placed as to prevent the conductors coming in contact with combustible or conductive materials;
 - (c) When the machine or feed wires are carried in the same entry as the trolley wire, they shall be placed on the same side as the trolley wire, between the trolley wire and rib, and shall be protected from contact therewith. HB 380, AN ACT relating to high school athletics.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 156.070 is amended to read as follows:

- (1) The Kentucky Board of Education shall have the management and control of the common schools and all programs operated in these schools, including interscholastic athletics, the Kentucky School for the Deaf, the Kentucky School for the Blind, and community education programs and services.
- (2) The Kentucky Board of Education may designate an organization or agency to manage interscholastic athletics in the common schools, provided that the rules, regulations, and bylaws of any organization or agency so designated shall be approved by the board, and provided further that any administrative hearing conducted by the designated managing organization or agency shall be conducted in accordance with KRS Chapter 13B.
 - (a) The state board or its designated agency shall assure through promulgation of administrative regulations that if a secondary school sponsors or intends to sponsor an athletic activity or sport that is similar to a sport for which National Collegiate Athletic Association members offer an athletic scholarship, the school shall sponsor the athletic activity or sport for which a scholarship is offered. The administrative regulations shall specify which athletic activities are similar to sports for which National Collegiate Athletic Association members offer scholarships.
 - (b) Beginning with the 2003-2004 school year, the state board shall require any agency or organization designated by the state board to manage interscholastic athletics to adopt bylaws that establish as members of the agency's or organization's board of control one (1) representative of nonpublic member schools who is elected by the nonpublic school members of the agency or organization from regions one (1) through eight (8) and one (1) representative of nonpublic member schools who is elected by the nonpublic member schools of the agency or organization from regions nine (9) through sixteen (16). The nonpublic school representatives on the board of control shall not be from classification A1 or D1 schools. Following initial election of these nonpublic school representatives to the agency's or organization's board of control, terms of the nonpublic school representatives shall be staggered so that only one (1) nonpublic school member is elected in each even-numbered year.
 - (c) The state board or any agency designated by the state board to manage interscholastic athletics shall not promulgate

rules, administrative regulations, or bylaws that prohibit pupils in grades seven (7) to eight (8) from participating in any high school sports except for high school varsity soccer and football, or from participating on more than one (1) school-sponsored team at the same time in the same sport. The Kentucky Board of Education, or an agency designated by the board to manage interscholastic athletics, may promulgate administrative regulations restricting, limiting, or prohibiting participation in high school varsity soccer and football for students who have not successfully completed the eighth grade.

- (d) Every local board of education shall require an annual medical examination performed and signed by a physician, physician assistant, advanced registered nurse practitioner, or chiropractor, if performed within the professional's scope of practice, for each student seeking eligibility to participate in any high school athletic activity or sport. The Kentucky Board of Education or any organization or agency designated by the state board to manage interscholastic athletics shall not promulgate administrative regulations or adopt any policies or bylaws that are contrary to the provisions of this paragraph.
- (e) Any student who turns nineteen (19) years of age prior to August 1 shall not be eligible for high school athletics in Kentucky. Any student who turns nineteen (19) years of age on or after August 1 shall remain eligible for that school year only. **An exception to the provisions of this paragraph shall be made and the student shall be eligible for high school athletics in Kentucky if the student:**

- 1. Qualified for exceptional children services and had an individual education program developed by an admissions and release committee (ARC) while the student was enrolled in the primary school program;**
- 2. Was retained in the primary school program because of an ARC committee recommendation; and**
- 3. Has not completed four (4) consecutive years or eight (8) consecutive semesters of eligibility following initial promotion from grade eight (8) to grade nine (9).**

- (f) If the state board or any agency designated by the state board to manage interscholastic athletics promulgates administrative regulations that permit a school district to employ or assign nonteaching personnel to serve in a coaching position, those administrative regulations shall apply to all sports and sports activities, including basketball and football. The administrative regulations shall give preference to the hiring or assignment of certified personnel over nonteaching personnel in coaching positions.

- (3) (a) The Kentucky Board of Education is hereby authorized to lease from the State Property and Buildings Commission, or others, whether public or private, any lands, buildings, structures, installations, and facilities suitable for use in establishing and furthering television and related facilities as an aid or supplement to classroom instruction, throughout the Commonwealth, and for incidental use in any other proper public functions. The lease may be for any initial term commencing with the date of the lease and ending with the next ensuing June 30, which is the close of the then-current fiscal biennium of the Commonwealth, with exclusive options in favor of the board to renew the same for successive ensuing bienniums, July 1 in each even year to June 30 in the next ensuing even year; and the rentals may be fixed at the sums in each biennium, if renewed, sufficient to enable the State Property and Buildings Commission to pay therefrom the maturing principal of and interest on, and provide reserves for, any revenue bonds which the State Property and Buildings Commission may determine to be necessary and sufficient, in agreement with the board, to provide the cost of acquiring the television and related facilities, with appurtenances, and costs as may be incident to the issuance of the bonds.
- (b) Each option of the Kentucky Board of Education to renew the lease for a succeeding biennial term may be exercised at any time after the adjournment of the session of the General Assembly at which appropriations shall have been made for the operation of the state government for such succeeding biennial term, by notifying the State Property and Buildings Commission in writing, signed by the chief state school officer, and delivered to the secretary of the Finance and Administration Cabinet as a member of the commission. The option shall be deemed automatically exercised, and the lease automatically renewed for the succeeding biennium, effective on the first day thereof, unless a written notice of the board's election not to renew shall have been delivered in the office of the secretary of the Finance and Administration Cabinet before the close of business on the last working day in April immediately preceding the beginning of the succeeding biennium.
- (c) The Kentucky Board of Education shall not itself operate leased television facilities, or undertake the preparation of the educational presentations or films to be transmitted thereby, but may enter into one (1) or more contracts to provide therefor, with any public agency and instrumentality of the Commonwealth having, or able to provide, a staff with proper technical qualifications, upon which agency and instrumentality the board, through the chief state school officer and the Department of Education, is represented in such manner as to coordinate matters of curriculum with the curricula prescribed for the public schools of the Commonwealth. Any contract for the operation of the leased television or related facilities may permit limited and special uses of the television or related facilities for other programs in the public interest, subject to the reasonable terms and conditions as the board and the operating agency and instrumentality may agree upon; but any contract shall affirmatively forbid the use of the television or related facilities, at any time or in any manner, in the dissemination of political propaganda or in furtherance of the interest of any political party or candidate for public office, or for commercial advertising. No lease between the board and the State Property and Buildings Commission shall bind the board to pay rentals for more than one (1) fiscal biennium at a time, subject to the aforesaid renewal options. The board may receive and

may apply to rental payments under any lease and to the cost of providing for the operation of the television or related facilities not only appropriations which may be made to it from state funds, from time to time, but also contributions, gifts, matching funds, devises, and bequests from any source, whether federal or state, and whether public or private, so long as the same are not conditioned upon any improper use of the television or related facilities in a manner inconsistent with the provisions of this subsection.

- (4) The state board may, on the recommendation and with the advice of the chief state school officer, prescribe, print, publish, and distribute at public expense such administrative regulations, courses of study, curriculums, bulletins, programs, outlines, reports, and placards as each deems necessary for the efficient management, control, and operation of the schools and programs under its jurisdiction. All administrative regulations published or distributed by the board shall be enclosed in a booklet or binder on which the words "informational copy" shall be clearly stamped or printed.
- (5) Upon the recommendation of the chief state school officer or his designee, the state board shall establish policy or act on all matters relating to programs, services, publications, capital construction and facility renovation, equipment, litigation, contracts, budgets, and all other matters which are the administrative responsibility of the Department of Education.

"Section 4. KRS 189A.010 is amended to read as follows:

- (1) A person shall not operate or be in physical control of a motor vehicle anywhere in this state:
 - (a) Having an alcohol concentration of 0.08 or more as measured by a scientifically reliable test or tests of a sample of the person's breath or blood taken within two (2) hours of cessation of operation or physical control of a motor vehicle;
 - (b) While under the influence of alcohol;
 - (c) While under the influence of any other substance or combination of substances which impairs one's driving ability;
 - (d) **While the presence of a controlled substance is detected in the blood, as measured by a scientifically reliable test, or tests, taken within two (2) hours of cessation of operation or control of a motor vehicle;**
 - ~~(e)~~ While under the combined influence of alcohol and any other substance which impairs one's driving ability; or
 - ~~(f)(e)}~~ Having an alcohol concentration of 0.02 or more as measured by a scientifically reliable test or tests of a sample of the person's breath or blood taken within two (2) hours of cessation of operation or physical control of a motor vehicle, if the person is under the age of twenty-one (21).
- (2) With the exception of the results of the tests administered pursuant to KRS 189A.103(7), if the sample of the person's blood or breath that is used to determine the alcohol concentration thereof was obtained more than two (2) hours after cessation of operation or physical control of a motor vehicle, the results of the test or tests shall be inadmissible as evidence in a prosecution under subsection (1)(a) or ~~(f)(e)}~~ of this section. The results of the test or tests, however, may be admissible in a prosecution under subsection (1)(b) or ~~(e)(d)}~~ of this section.

- (3) In any prosecution for a violation of subsection (1)(b) or ~~(e)(d)~~ of this section in which the defendant is charged with having operated or been in physical control of a motor vehicle while under the influence of alcohol, the alcohol concentration in the defendant's blood as determined at the time of making analysis of his blood or breath shall give rise to the following presumptions:
- (a) If there was an alcohol concentration of less than 0.05 based upon the definition of alcohol concentration in KRS 189A.005, it shall be presumed that the defendant was not under the influence of alcohol; and
 - (b) If there was an alcohol concentration of 0.05 or greater but less than 0.08 based upon the definition of alcohol concentration in KRS 189A.005, that fact shall not constitute a presumption that the defendant either was or was not under the influence of alcohol, but that fact may be considered, together with other competent evidence, in determining the guilt or innocence of the defendant.
- The provisions of this subsection shall not be construed as limiting the introduction of any other competent evidence bearing upon the questions of whether the defendant was under the influence of alcohol or other substances, in any prosecution for a violation of subsection (1)(b) or ~~(e)(d)~~ of this section.
- (4) The fact that any person charged with violation of subsection (1) of this section is legally entitled to use any substance, including alcohol, shall not constitute a defense against any charge of violation of subsection (1) of this section, provided, however, it shall be a defense to subsection (1)(d) of this section if the accused consumed the controlled substance under a valid prescription from a practitioner, as defined in KRS 218A.010, acting in the course of his or her professional practice, and complied with the dosage restrictions.
- (5) Any person who violates the provisions of paragraph (a), (b), (c), ~~(d)~~, or (e) of subsection (1) of this section shall:
- (a) For the first offense within a five (5) year period, be fined not less than two hundred dollars (\$200) nor more than five hundred dollars (\$500), or be imprisoned in the county jail for not less than forty-eight (48) hours nor more than thirty (30) days, or both. Following sentencing, the defendant may apply to the judge for permission to enter a community labor program for not less than forty-eight (48) hours nor more than thirty (30) days in lieu of fine or imprisonment, or both. - (2) (a) At the time a breath, blood, or urine test is requested, the person shall be informed:
 - 1. That, if the person refuses to submit to such tests, the fact of this refusal may be used against him in court as evidence of violating KRS 189A.010 and will result in revocation of his driver's license, and if the person refuses to submit to the tests and is subsequently convicted of violating KRS 189A.010(1) then he will be subject to a mandatory minimum jail sentence which is twice as long as the mandatory minimum jail sentence imposed if he submits to the tests, and that if the person refuses to submit to the tests he will be unable to obtain a hardship license; and
 - 2. That, if a test is taken, the results of the test may be used against him in court as evidence of violating KRS 189A.010(1), and that if the results of the test are 0.15[0.18] or above and the person is subsequently convicted of violating KRS 189A.010(1), then he will be subject to a sentence that is twice as long as the

mandatory minimum jail sentence imposed if the results are less than 0.15~~[0.18]~~; and

3. That if the person first submits to the requested alcohol and substance tests, the person has the right to have a test or tests of his blood performed by a person of his choosing described in KRS 189A.103 within a reasonable time of his arrest at the expense of the person arrested.

(b) Nothing in this subsection shall be construed to prohibit a judge of a court of competent jurisdiction from issuing a search warrant or other court order requiring a blood or urine test, or a combination thereof, of a defendant charged with a violation of KRS 189A.010, or other statutory violation arising from the incident, when a person is killed or suffers physical injury, as defined in KRS 500.080, as a result of the incident in which the defendant has been charged. However, if the incident involves a motor vehicle accident in which there was a fatality, the investigating peace officer shall seek such a search warrant for blood, breath, or urine testing unless the testing has already been done by consent. If testing done pursuant to a warrant reveals the presence of alcohol or any other substance that impaired the driving ability of a person who is charged with and convicted of an offense arising from the accident, the sentencing court shall require, in addition to any other sentencing provision, that the defendant make restitution to the state for the cost of the testing.

~~(3) During the period immediately preceding the administration of any test, the person shall be afforded an opportunity of at least ten (10) minutes but not more than fifteen (15) minutes to attempt to contact and communicate with an attorney and shall be informed of this right. Inability to communicate with an attorney during this period shall not be deemed to relieve the person of his obligation to submit to the tests and the penalties specified by KRS 189A.010 and 189A.107 shall remain applicable to the person upon refusal. Nothing in this section shall be deemed to create a right to have an attorney present during the administration of the tests, but the person's attorney may be present if the attorney can physically appear at the location where the test is to be administered within the time period established in this section.~~

~~(4)~~ Immediately following the administration of the final test requested by the officer, the person shall again be informed of his right to have a test or tests of his blood performed by a person of his choosing described in KRS 189A.103 within a reasonable time of his arrest at the expense of the person arrested. He shall then be asked "Do you want such a test?" The officer shall make reasonable efforts to provide transportation to the tests.

Section 11. KRS 189A.240 is amended to read as follows:

In any judicial review of a pretrial suspension imposed under KRS 189A.200(1)(b), if the court determines by a preponderance of the evidence that:

- (3) There is probable cause to believe that the person committed the violation of KRS 189A.010(1)(a), (b), (c), ~~(d), or (e)~~ as charged; and
- (4) The person has been convicted of one (1) or more prior offenses as described in KRS 189A.010(5)(e) or has had his motor vehicle operator's license suspended or revoked on one (1) or more occasions for refusing to take an alcohol concentration or substance test, in the five (5) year period immediately preceding his arrest, then the court shall continue to suspend the person's operator's license or privilege to operate a motor vehicle. If they do conflict, the provisions of Sections 1 to 22 of this Act shall apply.

SECTION 11. A NEW SECTION OF KRS CHAPTER 65 IS CREATED TO READ AS FOLLOWS:

The amount of incremental revenues shall be determined under Section 22 of this Act.
- (2) Funds deposited in a special fund shall be disbursed at the times and in the amounts required to pay the costs of any debt charges on incremental bonds, approved public infrastructure costs, signature project costs and, in a development area, redevelopment assistance. However, there shall be no disbursements for other redevelopment assistance in a development area, or approved public infrastructure costs, or approved signature project costs in a development area or local development area, if the funds are required to pay debt charges on increment bonds.
- (3) Amounts in a special fund which exceed the amount required to pay debt charges and, in a development area, costs of redevelopment assistance in any fiscal year shall be used to provide for the retirement or defeasance of all or a portion of the remaining debt charges secured by the incremental revenues. Amounts beyond this may be used to pay the costs of additional projects or, in a development area, redevelopment assistance.

SECTION 12. A NEW SECTION OF KRS CHAPTER 65 IS CREATED TO READ AS FOLLOWS:

An ordinance in conflict with a local participation agreement shall not be adopted while any increment bonds secured by that pledge remain outstanding. Ordinances or resolutions pledging incremental revenues on a subordinate basis to any existing pledges may be adopted.

SECTION 13. A NEW SECTION OF KRS CHAPTER 65 IS CREATED TO READ AS FOLLOWS:

- (2) The service payment agreement may provide that the city, county, or issuer shall have a lien on property described in the service payment agreement equal to the amount of periodic payments due under the service payment agreement. The service payment agreement may further provide that any lien created pursuant to this section shall be governed by the provisions set forth in KRS 91A.280, provided that a lien created pursuant to this section shall not have the priority established in KRS 91A.280 in relation to an existing lien on the property covered by the agreement unless, prior to recording the service payment agreement, the lien holder under the service payment agreement provides notice of the lien created by the service payment agreement to the holder of the existing lien, and the holder of the existing lien consents to the priority in writing. The projections for displaced activity shall include economic activity that is lost to the Commonwealth as a result of the project, as well as economic activity that is diverted to the project that formerly took place at existing establishments within the Commonwealth prior to the commencement date of the project;

4. The city, county, or agency making the application shall pay all costs associated with the independent consultant's or financial advisor's report.

- (8) The academy shall be funded with appropriations by the General Assembly from the general fund and funds from the Support Educational Excellence in Kentucky Program as described in Section 51 of this Act. The academy may receive donations, grants, and bequests, and may charge tuition and fees.

Section 51. KRS 157.360 is amended to read as follows:

- (1) In determining the cost of the program to support education excellence in Kentucky, the statewide guaranteed base funding level, as defined in KRS 157.320, shall be computed by dividing the amount appropriated for this purpose by the prior year's statewide average daily attendance.
- (2) Each district shall receive an amount equal to the base funding level for each pupil in average daily attendance in the district in the previous year. Each district's base funding level shall be adjusted by the following factors:
 - (a) The number of at-risk students in the district. At-risk students shall be identified as those approved for the free lunch program under state and federal guidelines. The number of at-risk students shall be multiplied by a factor to be established by the General Assembly. Funds generated under this paragraph may be used to pay for:
 - 1. Alternative programs for students who are at risk of dropping out of school before achieving a diploma; and
 - 2. A hazardous duty pay supplement as determined by the local board of education to the teachers who work in alternative programs with students who are violent or assaultive;
 - (b) The number and types of exceptional children in the district as defined by KRS 157.200. Specific weights for each category of exceptionality shall be used in the calculation of the add-on factor for exceptional children; and
 - (c) Transportation costs. The per-pupil cost of transportation shall be calculated as provided by KRS 157.370. Districts which contract to furnish transportation to students attending nonpublic schools may adopt any payment formula which assures that no public school funds are used for the transportation of nonpublic students.
- (3) The program to support education excellence in Kentucky shall be fully implemented by the 1994-95 school year.
- (4) (a) Except for those schools which have implemented school-based decision making, the chief state school officer shall enforce maximum class sizes for every academic course requirement in all grades except in vocal and instrumental music, and physical education classes. Except as provided in subsection (5) of this section, the maximum number

2007 Regular Session

1. Twenty-four (24) in primary grades (kindergarten through third grade);
 2. Twenty-eight (28) in grade four (4);
 3. Twenty-nine (29) in grades five (5) and six (6);
 4. Thirty-one (31) in grades seven (7) to twelve (12).
- (b) Except for those schools which have implemented school-based decision making, class size loads for middle and secondary school classroom teachers shall not exceed the equivalent of one hundred fifty (150) pupil hours per day.
- (c) The chief state school officer, upon approval of the Kentucky Board of Education, shall adopt administrative regulations for enforcing this provision. These administrative regulations shall include procedures for a superintendent to request an exemption from the Kentucky Board of Education when unusual circumstances warrant an increased class size for an individual class. A request for an exemption shall include specific reasons for the increased class size with a plan for reducing the class size prior to the beginning of the next school year. A district shall not receive in any one (1) year exemptions for more classes than enroll twenty percent (20%) of the pupils in the primary grades and grades four (4) through eight (8).
- (d) In all schools the chief state school officer shall enforce the special education maximum class sizes set by administrative regulations adopted by the Kentucky Board of Education. A superintendent may request an exemption pursuant to paragraph (c) of this subsection. A local school council may request a waiver pursuant to KRS 156.160(2). An exemption or waiver shall not be granted if the increased class size will impede any exceptional child from achieving his individual education program in the least restrictive environment.
- (5) In grades four (4) through six (6) with combined grades, the maximum class size shall be the average daily attendance upon which funding is appropriated for the lowest assigned grade in the class. There shall be no exceptions to the maximum class size for combined classes. In combined classes other than the primary grades, no ungraded students shall be placed in a combined class with graded students. In addition, there shall be no more than two (2) consecutive grade levels combined in any one (1) class in grades four (4) through six (6). However, this shall not apply to schools which have implemented school-based decision making.
- (6) If a local school district, through its admission and release committee, determines that an appropriate program in the least restrictive environment for a particular child with a disability includes either part-time or full-time enrollment with a private school or agency within the state or a public or private agency in another state, the school district shall count as average daily attendance in a public school the time that the child is in attendance at the school or agency, contingent upon approval by the chief state school officer.
- (7) Pupils attending a center for child learning and study established under an agreement pursuant to KRS 65.210 to 65.300 shall, for the purpose of calculating average daily attendance, be considered as in attendance in the school district in which the child legally resides and which is party to the agreement. For purposes of subsection (1) of this section, teachers who are actually employees of the joint or cooperative action shall be considered as employees of each school district which is a party to the agreement.
- (8) Program funding shall be increased when the average daily attendance in any district for the first two (2) months of the current school year is greater than the average daily attendance of the district for the first two (2) months of the previous school year. The program funds allotted the district shall be increased by the percent of increase. The average daily attendance in kindergarten is the kindergarten full-time equivalent pupils in average daily attendance.
- (9) If the average daily attendance for the current school year in any district decreases by ten percent (10%) or more than the average daily attendance for the previous school year, the average daily attendance for purposes of calculating program funding for the next school year shall be increased by an amount equal to two-thirds (2/3) of the decrease in average daily attendance. If the average daily attendance remains the same or decreases in the succeeding school year, the average daily attendance for purposes of calculating program funding for the following school year shall be increased by an amount equal to one-third (1/3) of the decrease for the first year of the decline.
- (10) If the percentage of attendance of any school district shall have been reduced more than two percent (2%) during the previous school year, the program funding allotted the district for the current school year shall be increased by the difference in the percentage of attendance for the two (2) years immediately prior to the current school year less two percent (2%).
- (11) (a) Instructional salaries for vocational agriculture classes shall be for twelve (12) months per year. Vocational agriculture teachers shall be responsible for the following program of instruction during the time period beyond the regular school term established by the local board of education: supervision and instruction of students in agriculture experience programs; group and individual instruction of farmers and agribusinessmen; supervision of student members of agricultural organizations who are involved in leadership training or other activity required by state or federal law; or any program of vocational agriculture established by the Division of Career and Technical Education in the Department of Education. During extended employment, no vocational agriculture teacher shall receive salary on a day that the teacher is scheduled to attend an institution of higher education class which could be credited toward meeting any certification requirement.

- (b) Each teacher of agriculture employed shall submit an annual plan for summer program to the local school superintendent for approval. The summer plan shall include a list of tasks to be performed, purposes for each task, and time to be spent on each task. Approval by the local school superintendent shall be in compliance with the guidelines developed by the State Department of Education. The supervision and accountability of teachers of vocational agriculture's summer programs shall be the responsibility of the local school superintendent. The local school superintendent shall submit to the chief state school officer a completed report of summer tasks for each vocational agriculture teacher. Twenty percent (20%) of the approved vocational agriculture programs shall be audited annually by the State Department of Education to determine that the summer plan has been properly executed.
- (12) (a) In allotting program funds for home and hospital instruction, statewide guaranteed base funding, excluding the capital outlay, shall be allotted for each child in average daily attendance in the prior school year who has been properly identified according to Kentucky Board of Education administrative regulations. Attendance shall be calculated pursuant to KRS 157.270 and shall be reported monthly on forms provided by the Department of Education; and
- (b) Pursuant to administrative regulations of the Kentucky Board of Education, local school districts shall be reimbursed for home and hospital instruction for pupils unable to attend regular school sessions because of short term health impairments. A reimbursement formula shall be established by administrative regulations to include such factors as a reasonable per hour, per child allotment for teacher instructional time, with a maximum number of funded hours per week, a reasonable allotment for teaching supplies and equipment, and a reasonable allotment for travel expenses to and from instructional assignments, but the formula shall not include an allotment for capital outlay. Attendance shall be calculated pursuant to KRS 157.270 and shall be reported annually on forms provided by the Department of Education.
- (13) Except for those schools which have implemented school-based decision making and the school council has voted to waive this subsection, kindergarten aides shall be provided for each twenty-four (24) full-time equivalent kindergarten students enrolled.
- (14) Effective July 1, 2001, there shall be no deduction applied against the base funding level for any pupil in average daily attendance who spends a portion of his or her school day in a program at a state-operated career and technical education or vocational facility.
- (15) Based on the 2007-2008 school year and each year thereafter, the Department of Education shall provide the statewide guaranteed base funding level for each student in the prior year's average daily attendance in the Academy of Mathematics and Science in Kentucky to Western Kentucky University for operation of the academy.**
- Section 52. KRS 158.140 is amended to read as follows:

The certificate shall entitle the pupil to admission into any public high school. Any promotions or credits earned in attendance in any approved public school are valid in any other public school to which a pupil may go, but the superintendent or principal of a school, as the case may be, may assign the pupil to the class or grade to which the pupil is best suited. In case a pupil transfers from the school of one (1) district to the school of another district, an assignment to a lower grade or course shall not be made until the pupil has demonstrated that he is not suited for the work in the grade or course to which he has been promoted.
- (2) Upon successful completion of all state and local board requirements, the student shall receive a diploma indicating graduation from high school.
- (3) (a) The Academy of Mathematics and Science in Kentucky may award a diploma to any student who completes his or her high school program at the academy. If the academy issues a diploma, the board of regents shall provide to the commissioner of education a letter of assurance that the program of study completed by its students, in combination with previously earned secondary credits, meets the minimum graduation requirements established by the Kentucky Board of Education under KRS 156.160(1)(c).**
- (b) A local school district may award a joint diploma with the Academy of Mathematics and Science in Kentucky to any student who was enrolled in a district high school and completed his or her high school program at the academy.**
- (c) The academy and the home school district shall ensure that student transcripts from each institution accurately reflect the dual credit coursework.**
- ~~(4){(3)}~~ A local school board may award a diploma indicating graduation from high school to any student posthumously with the high school class with whom the student was expected to graduate.
- ~~(5){(4)}~~ (a) A local board of education shall award an authentic high school diploma to an honorably discharged veteran who did not complete high school prior to being inducted into the United States Armed Forces during:

- (2) As soon as the polls are closed, and the last voter has voted, the judges shall immediately lock and seal the operating lever, mechanism or other device of the voting equipment so that the voting and counting mechanism will be prevented from operation, and they shall sign a certificate stating:
 - (a) That the voting equipment has been locked against voting and sealed;
 - (b) The number of voters, as shown on the public counters;
 - (c) The number registered on the protective or accumulative counter or device, if any; and

- (3) Where voting equipment is used which does not print the candidates' names, lever numbers, and total votes received on a general return sheet or record for that equipment, the procedure to be followed shall be: the judges, in the presence of the representatives mentioned in subsection (1) of this section, if any, and of all other persons who may be lawfully within the polling place, shall make visible the registering counters, and, for that purpose, shall unlock and open the doors, or other covering concealing the counters, giving full view of all the counter numbers. The proclamation of the result of the votes cast shall be announced distinctly and audibly by one (1) of the judges, who shall read the name and the vote cast for each candidate, and slate of candidates, and the vote for and against each question submitted. During the proclamation, ample opportunity shall be given to any person lawfully present to compare the results so announced with the counter dials of the voting equipment, and any necessary corrections shall be made by the judges, and the door or other cover of the voting equipment shall then be closed and locked.

Each of the return sheets shall be enclosed in an envelope, which shall be securely sealed, and each of the officers shall write his name across the fold of the envelope. One (1) of the quadruplicate return sheets, along with the general return sheet and the write-in roll, if any write-in votes were cast in the precinct, shall be directed to the county board of elections of the county in which the election is being held, one (1) to the county clerk of the county in which the election is being held and one (1) to the local governing body of each of the two (2) dominant political parties, but a local governing body of a dominant political party may decline a copy of the precinct election return by filing a written declination with the county board of elections prior to the election, and upon this declination, a printed copy shall not be issued to the political party so declining. The declination on file shall be effective for that election and any subsequent elections until revoked by the local governing body of a dominant political party by filing a written revocation with the county board of elections. The envelope shall have endorsed thereon a certificate of the election officers, stating the number of the machine, the precinct where it has been used, the number on the seal, and the number on the protective or accumulative counter or device at the close of the polls. Following the tabulation of all votes cast in the election, including absentee votes and write-in votes, the county board shall mail the tabulation sheets showing the results from each precinct to the State Board of Elections and the county clerk shall mail or deliver the precinct lists from each precinct to the State Board of Elections.
- (5) ~~In primary elections at which each party's slates of candidates seeking the nomination of their parties for Governor and Lieutenant Governor are voted on, the Secretary of State, upon receiving the certified results of voting from each county's precincts for those offices, shall determine whether a runoff primary shall be necessary for either or both parties pursuant to KRS 118.245. The county clerk shall issue a receipt for the number of ballot stubs, unused ballots, spoiled ballots and the ballot box. The county board of elections, or its designee, shall count and tally the paper ballots manually or with the use of tabulating equipment which does not involve an additional voting system. The results of the vote tally shall be certified by the county board of elections to the county clerk and to the Secretary of State. The county board of elections shall authorize the candidates, slates of candidates, or their representatives, and representatives of the news media to be present during the counting of the paper ballots. The petition shall designate both the smaller precinct and the larger precinct with which it is to be included, the type of voting machine or machines to be used, and whether supplemental paper ballots are to be used. If the use of supplemental paper ballots is approved by the State Board of Elections, at the close of voting on election day, the locked ballot box shall be transported to the county board of elections and ballots shall be counted by the county board of elections as provided by KRS 117.275(2)(~~8~~);

Section 14. Whereas local governments have been burdened with the technical, logistical, and financial cost of runoff elections for candidates who have essentially been nominated by their party to run in the regular election, and such candidates have to invest more time and money in the primary instead of focusing on the regular election, an emergency is declared to exist and this Act takes effect upon its passage and approval by the Governor or upon its otherwise becoming a law.

The oath shall be upon a voter assistance form prescribed by the State Board of Elections. Any person assisting a voter shall complete the voter assistance form.
- (3) Upon making and filing the oath with the precinct clerk, the voter requiring assistance shall retire to the voting machine or ballot completion area with the precinct judges, and one (1) of the judges shall, in the presence of the other judge and the voter, operate the machine or complete the ballot as the voter directs. The voter shall state in his oath the specific reason that requires him to receive assistance.
- (7) No voter shall be permitted to occupy the voting machine more than two (2) minutes if other voters are waiting to use it, except that those voters who because of a disability need extra time to cast a ballot shall be given a reasonable amount of time to vote.
- (8) In primary elections, before a voter is permitted to use the voting machine, a judge of the election shall adjust the machine so that the voter will only be able to vote for the persons for whom the voter is qualified to vote.

- (10) The election officers shall constantly maintain a watch in order to prevent any person from voting more than once.
- (11) If supplemental paper ballots have been approved, as provided in KRS 118.215, the voter shall vote his ballot in privacy in
